

In the opinion of Barnes & Thornburg LLP, Indianapolis, Indiana, under existing laws, interest on the Series A Notes (as hereinafter defined) is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended and in effect on the date of issuance of the Series A Notes. In the opinion of Barnes & Thornburg LLP, Indianapolis, Indiana, under existing laws, interest on the Series A Notes is exempt from income taxation in the State of Indiana, except for the financial institutions tax. See "TAX MATTERS" and Appendix C herein.

\$537,050,000
INDIANA BOND BANK
Advance Funding Program Notes
Series 2005 A

Dated: Date of Delivery

Due: as shown below

The Advance Funding Program Notes, Series 2005 A (the "Series A Notes") to be issued by the Indiana Bond Bank (the "Bond Bank") pursuant to a Note Indenture, dated as of January 1, 2005 (the "Original Indenture"), as supplemented and amended by a First Supplemental Note Indenture, (the "First Supplemental Indenture", and together with the Original Indenture, the "Indenture"), between the Bond Bank and The Bank of New York Trust Company, N.A., St. Louis, Missouri, as trustee (the "Trustee") will bear interest from the date of delivery of the Series A Notes at the rate per annum and will mature on the date and in the principal amount set forth below. The Series A Notes will be issued only as fully registered notes in the denomination of \$5,000 or any integral multiple thereof. When issued, the Series A Notes will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). Purchases of beneficial interest in the Series A Notes will be made in book-entry-only form. Purchasers of beneficial interests in the Series A Notes (the "Beneficial Owners") will not receive physical delivery of certificates representing their interest in the Series A Notes. Interest on the Series A Notes is payable at maturity, and such interest, together with the principal of the Series A Notes, will be paid directly to DTC so long as the Series A Notes are held in book-entry-only form. The final disbursement of such payments to the Beneficial Owners of the Series A Notes will be the responsibility of the Direct Participants and the Indirect Participants, all as defined and more fully described herein. See "DESCRIPTION OF THE SERIES A NOTES —Book-Entry-Only System."

The Series A Notes are not subject to redemption prior to maturity.

The Series A Notes are authorized by resolutions adopted by the Board of Directors of the Bond Bank and are issued under and secured by the Indenture, all pursuant to the laws of the State of Indiana (the "State"), particularly Indiana Code 5-1.5 (the "Act"), for the purpose of providing funds to purchase tax anticipation obligations (the "Warrants") of certain Indiana school corporations, counties, cities, towns, townships, library corporations and other qualified entities (as defined in the Act) (the "Qualified Entities") which are authorized under Indiana law to issue Warrants in anticipation of the receipt of property taxes described in Indiana Code 6-1.1 ("Ad Valorem Property Taxes") levied and in the course of collection for the Qualified Entities (and (a) in the case of school corporations, which may, in addition, in the sole discretion of the Bond Bank, be issued in anticipation of State tuition support distributions in the course of collection and (b) in the case of a township, which may, in addition, in the sole discretion of the Bond Bank, be made in anticipation of other revenues to be received by the township on or before December 31, 2005) during 2005. The principal of and interest on the Series A Notes are payable from the proceeds of payments from Warrants (the "Series A Warrants") and other moneys held under the Indenture, including funds made available by the Credit Facility and the Investment Agreement, each as defined and described herein. As a condition to participating in the Bond Bank's advance funding warrant purchase program (the "Program"), each Qualified Entity has been required to enter into an Agreement, as defined and described herein, with the Bond Bank requiring, among other things, that the Qualified Entity pledge and appropriate sufficient Ad Valorem Property Taxes levied and in the course of collection to pay principal of and interest on all of its Series A Warrants purchased under the Program on their respective maturity dates.

The Series A Notes are limited obligations of the Bond Bank payable solely out of the revenues and funds of the Bond Bank pledged therefor under the Indenture, as more fully described herein. The Series A Notes do not constitute a general or moral obligation of the Bond Bank and a debt service reserve will not be maintained by the Bond Bank for the Series A Notes. The Series A Notes do not constitute a debt, liability or loan of the credit of the State of Indiana (the "State") or any political subdivision thereof, including any Qualified Entity, under the constitution and laws of the State or a pledge of the faith, credit and taxing power of the State or any political subdivision thereof, including any Qualified Entity. The Bond Bank has no taxing power.

**Indiana Bond Bank
Advance Funding Program Notes
Series 2005 A**

INTRODUCTION

The purpose of this Official Statement, including the cover page and the appendices, is to set forth certain information concerning the issuance and sale by the Indiana Bond Bank (the “Bond Bank”) of its \$537,050,000 aggregate principal amount of Advance Funding Program Notes, Series 2005 A (the “Series A Notes”). The Series A Notes are authorized by a resolution adopted by the Board of Directors of the Bond Bank on November 9, 2004, and are issued under and secured by a Note Indenture dated as of January 1, 2005 (the “Original Indenture”), as supplemented and amended by a First Supplemental Note Indenture, (the “First Supplemental Indenture”, and together with the Original Indenture, the “Indenture”), between the Bond Bank and The Bank of New York Trust Company, N.A., Indianapolis, Indiana, as trustee, registrar and paying agent (the “Trustee”), all pursuant to the laws of the State of Indiana (the “State”), particularly Indiana Code 5-1.5 (the “Act”).

The Program

The Bond Bank has previously established and is continuing a program (the “Program”) to purchase tax anticipation obligations (the “Warrants”) issued by certain Indiana school corporations, counties, cities, towns, townships, library corporations and other qualified entities (as defined in the Act) which are authorized under Indiana law to issue warrants (the “Qualified Entities”). The Program provides a mechanism for financing all or a portion of anticipated cash flow shortfalls in one or more funds of the Qualified Entities during 2005 for which property taxes described in Indiana Code 6-1.1 (“Ad Valorem Property Taxes”) in the course of collection have been budgeted, levied and appropriated for the payment of expenses of such funds. The proceeds from the sale of the Series A Notes will be used (i) to purchase the Warrants (the “Series A Warrants”) of the Qualified Entities, (ii) to pay all or a portion of the fees to establish and provide a stand-by credit facility (the “Credit Facility”) from The Bank of New York (the “Bank”), as security for the payment of a portion of the Series A Notes, and (iii) to pay all or a portion of the costs of issuance of the Series A Notes including Underwriters’ discount. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES — The Qualified Entities and the Series A Warrants” herein for a discussion of the Qualified Entities. The proceeds of the Series A Warrants will provide funds in anticipation of the receipt by such Qualified Entities of Ad Valorem Property Taxes levied and in the course of collection (and (a) in the case of school corporations, in addition, in the sole discretion of the Bond Bank, in anticipation of State tuition support distributions in the course of collection and (b) in the case of a township, in addition, in the sole discretion of the Bond Bank, in anticipation of other revenues to be received by the township on or before December 31, 2005) during 2005. As of the date of the issuance of the Series A Notes, each of the Qualified Entities will have entered into a Warrant Purchase Agreement (each, an “Agreement” and collectively, the “Agreements”) with

the Bond Bank governing the issuance of the Series A Warrants by the Qualified Entities and the terms of purchase thereof by the Trustee on behalf of the Bond Bank. See “SUMMARY OF CERTAIN PROVISIONS OF THE WARRANT PURCHASE AGREEMENTS” in Appendix E.

Security and Sources of Payment for the Series A Notes

The Series A Notes will be issued under and secured by the Indenture. The principal of, and interest on, the Series A Notes are payable from those revenues and funds of the Bond Bank which, together with the Series A Warrants, are pledged pursuant to the Indenture for the benefit of the owners of the Series A Notes without priority. The Series A Notes do not constitute a general or moral obligation of the Bond Bank. The Bond Bank will not maintain a debt service reserve for the Series A Notes and the provisions of Indiana Code 5-1.5-5, pertaining to a moral obligation of the Indiana General Assembly to replenish a debt service reserve, do not apply to the Series A Notes. Neither the faith, credit nor taxing power of the State or any political subdivision thereof, including the Qualified Entities, is pledged to the payment of the principal of or interest on the Series A Notes. The Series A Notes are not a debt, liability, or loan of the credit of the State or any political subdivision thereof, including the Qualified Entities. The Bond Bank has no taxing power and has only those powers and sources of revenue set forth in the Act. The Series A Notes are issued and secured separately from all other obligations issued by the Bond Bank.

The Series A Notes are secured by the pledge of the Trust Estate established under the Indenture (the “Series A Trust Estate”), which includes (a) all right, title and interest of the Bond Bank in, to and under the Series A Warrants and the Agreements; (b) all right, title and interest in any and all other property, real, personal or mixed, from time to time conveyed, mortgaged, pledged, assigned or transferred as additional security under the Indenture by the Bond Bank or by anyone on behalf of the Bond Bank; (c) the proceeds from the sale of the Series A Notes; (d) all revenues held in the Series A Funds and Series A Accounts (other than the Series A Rebate Fund) under the Indenture; and (e) all rights of the Bond Bank in, to and under the Credit Facility. All Series A Notes will be secured equally and ratably by all of the foregoing. On January 4, 2005, the Bond Bank issued its Advance Funding Program Notes (Lake County), Series 2005 A and its Advance Funding Program Notes (Lake County), Series 2005 B pursuant to the Original Indenture (collectively, the “Lake County Notes”) in the aggregate principal amounts of \$56,115,000 and \$33,750,000, respectively, which Lake County Notes are separately secured from the Series A Notes. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES.”

The principal source of payment on the Series A Notes will be the principal and interest payments received by the Bond Bank from the Qualified Entities under the Series A Warrants. The principal of and interest on the Series A Warrants are payable out of certain Ad Valorem Property Tax revenues as further described under the caption, “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES — Provisions for Payment of the Series A Warrants.” The principal of and interest on the Series A Warrants may also be payable from tuition support distributions from the State to be received by certain Qualified Entities which are school corporations. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES — Provisions for Payment of the Series A Warrants” and “THE PROGRAM — Program Participation and Borrowing Limits.”

It is anticipated that the proceeds of the Series A Notes will be used to purchase Series A Warrants under the Program from the Qualified Entities described in, and in the amounts set forth in, Appendix A of this Official Statement. The Bond Bank may also purchase Series A Warrants with the proceeds of the Series A Notes from other Qualified Entities or in additional amounts from participating Qualified Entities if for any reason a Qualified Entity described in Appendix A does not participate, either in whole or in part, in the Program.

The Indenture provides that the Bond Bank will establish and maintain the Credit Facility with the Bank in the amount of \$69,816,500, to secure the payment of a portion of the principal of and interest on the Series A Notes, subject to reduction for amounts paid from time to time by the Bank for deposit into the Series A General Fund pursuant to the provisions of the Indenture. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES — Credit Facility.” The Credit Facility will be pledged under the Indenture as part of the Series A Trust Estate.

Full payment of the principal of and interest on the Series A Notes is dependent upon investment earnings being realized on Series A Warrant payments invested by the Bond Bank. It is expected that the Bond Bank will invest Series A Warrant payments pursuant to the Investment Agreement by and among the Trustee, the Bond Bank and IXIS Funding Corp., a subsidiary of IXIS Corporate & Investment Bank (IXIS CIB), a limited liability company with executive and supervisory boards (société anonyme à Directoire et Conseil de Surveillance) governed by French law (as successor-in-interest to CDC Finance – CDC IXIS), which provides for a fixed rate of return expected to produce such investment earnings. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES — The Investment Agreement.”

The Series A Notes

The Series A Notes will mature on January 26, 2006 in the amount set forth on the cover hereof. Interest on the Series A Notes will accrue over time at the rate per annum set forth on the cover hereof and will be payable upon the maturity of the Series A Notes. The Series A Notes will be issued in fully registered form in the denomination of \$5,000 or any integral multiple thereof. See “DESCRIPTION OF THE SERIES A NOTES — General Description.”

When issued, the Series A Notes will be registered in the name of and held by Cede & Co., as nominee for The Depository Trust Company, New York, New York (“DTC”). Purchases of beneficial interests in the Series A Notes will be made in book-entry-only form. Purchasers of beneficial interests in the Series A Notes (the “Beneficial Owners”) will not receive physical delivery of certificates representing their interest in the Series A Notes. For so long as the Series A Notes are held in book-entry-only form, interest on the Series A Notes, together with principal of the Series A Notes, will be paid by the Trustee directly to DTC. Neither the Bond Bank nor the Trustee will have any responsibility for a Beneficial Owner’s receipt from DTC or its nominee, or from any Direct Participant (as hereinafter defined) or Indirect Participant (as hereinafter defined), of any payments of principal of or interest on any of the Series A Notes. See “DESCRIPTION OF THE SERIES A NOTES — Book-Entry-Only System.”

If the Series A Notes are no longer registered in the name of DTC or its nominee, the Series A Notes may be transferred or exchanged by any Noteholder or any Noteholder’s duly

authorized attorney at the principal corporate trust office of the Trustee, to the extent and upon the conditions set forth in the Indenture, including the payment of a sum sufficient to cover any tax, fee or other governmental charge for any such transfer or exchange that may be imposed upon the Bond Bank or the Trustee. See “DESCRIPTION OF THE SERIES A NOTES — Transfer or Exchange of the Series A Notes.” For so long as the Series A Notes are registered in the name of DTC or its nominee, the Trustee will transfer and exchange the Series A Notes only on behalf of DTC or its nominee. Neither the Bond Bank nor the Trustee will have any responsibility for transferring or exchanging any Beneficial Owners’ interests in the Series A Notes. See “DESCRIPTION OF THE SERIES A NOTES — Book-Entry-Only System.”

The Bond Bank

The Bond Bank is a separate body corporate and politic, constituting an instrumentality of the State for the public purposes set forth in the Act. The Bond Bank is not an agency of the State, but is separate from the State in its corporate and sovereign capacity and has no taxing power. The Bond Bank is governed by a Board of seven Directors, including the Treasurer of the State, who serves as Chairman Ex Officio, and the Director of the State Department of Financial Institutions, who serves as a Director Ex Officio and five additional Directors, each appointed by the Governor of the State.

Under separate trust indentures and other instruments authorized under the Act, the Bond Bank has previously issued and had outstanding as of January 1, 2005, an aggregate principal amount of approximately \$4,393,570,000 in separate program obligations. Additionally, as of the date of this Official Statement, the Bond Bank is considering undertaking other types of financing for qualified entities for purposes authorized by and in accordance with the procedures set forth in the Act. The obligations issued by the Bond Bank in connection with any and all such financings, if any, will be secured separately from the Series A Notes and will not constitute Series A Notes under the Indenture or for purposes of this Official Statement.

The Act

Pursuant to the Act, the purpose of the Bond Bank is to assist “qualified entities,” defined in the Act to include political subdivisions, as defined in Indiana Code 36-1-2-13, leasing bodies, as defined in Indiana Code 5-1-1-1(a), any commissions, authorities or authorized bodies of any qualified entity, and any organizations, associations or trusts with members, participants or beneficiaries that are all individually qualified entities. The Bond Bank provides such assistance through programs of, among other things, purchasing the bonds, notes or evidences of indebtedness of such qualified entities. Under the Act, “qualified entities” includes entities such as cities, towns, counties, townships, school corporations, library corporations, special taxing districts and nonprofit corporations and associations which lease facilities or equipment to such entities. Each of the entities described in Appendix A is a “qualified entity” within the meaning of the Act.

The Official Statement; Additional Information

This Official Statement speaks only as of its date, and the information contained herein is subject to change.

The information contained under the caption “INTRODUCTION” is qualified by reference to this entire Official Statement, including the Appendices hereto. This introduction is only a brief description and a full review should be made of this entire Official Statement, including the appendices hereto, as well as the documents summarized or described in this Official Statement. The summaries of and references to all documents, statutes and other instruments referred to in this Official Statement do not purport to be complete and are qualified in their entirety by reference to the full text of each such document, statute or instrument. Certain terms used in this Official Statement are defined in Appendix B.

Information contained in this Official Statement with respect to the Bond Bank and the Qualified Entities and copies of the Indenture, the Credit Facility Agreement and the form of Agreement may be obtained from the Indiana Bond Bank, 2980 Market Tower, 10 West Market Street, Indianapolis, Indiana 46204. The Bond Bank’s telephone number is (317) 233-0888.

It is the Bond Bank’s current policy to provide its financial statements to the holders of its obligations, including the Series A Notes, upon written request. In addition, certain other information concerning the Bond Bank is available to the Trustee and holders of the Series A Notes pursuant to the Indenture. See “CONTINUING DISCLOSURE”.

SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES

The Series A Notes are limited obligations of the Bond Bank payable only out of the Series A Trust Estate. The Indenture creates a continuing pledge of and lien upon the Series A Trust Estate to secure the full and final payment of the principal of, and interest on, all of the Series A Notes. The Series A Notes do not constitute a debt, liability or loan of the credit of the State or any political subdivision thereof, including any Qualified Entity, under the constitution of the State or a pledge of the faith, credit and taxing power of the State or any political subdivision thereof, including any Qualified Entity. The Bond Bank has no taxing power. The Series A Notes do not constitute a general or moral obligation of the Bond Bank. The Bond Bank will not maintain a debt service reserve for the Series A Notes and the provisions of Indiana Code 5-1.5-5 do not apply to the Series A Notes. Indiana Code 5-1.5-5 pertains to the requirement that, if there is a deficiency in a debt service reserve fund securing obligations of the Bond Bank, the Chairman of the Bond Bank must certify the amount of such a deficiency to the Indiana General Assembly for its consideration on whether to appropriate funds to restore the debt service reserve fund to its requirement.

Under the Indenture, the Series A Notes are secured by a pledge to the Trustee of the Series A Trust Estate, which includes (a) all right, title and interest of the Bond Bank in, to and under the Series A Warrants and the Agreements; (b) all right, title and interest in any and all other property, real, personal or mixed, from time to time conveyed, mortgaged, pledged, assigned or transferred as additional security under the Indenture by the Bond Bank or by anyone on behalf of the Bond Bank; (c) the proceeds from the sale of the Series A Notes; (d) all revenues held in the Series A Funds and Series A Accounts (other than the Series A Rebate Fund) under the Indenture; and (e) all rights of the Bond Bank in, to and under the Credit Facility. On January 4, 2005, the Bond Bank issued its Advance Funding Program Notes (Lake County), Series 2005 A and its Advance Funding Program Notes (Lake County), Series 2005 B pursuant to the Original Indenture (collectively, the “Lake County Notes”) in the aggregate

principal amounts of \$56,115,000 and \$33,750,000, respectively, which Lake County Notes are separately secured from the Series A Notes.

The Qualified Entities and the Series A Warrants

From the proceeds of the Series A Notes, the Bond Bank intends to purchase and, upon purchase, will pledge to the Trustee the Series A Warrants. The Series A Warrants to be issued by the Qualified Entities and purchased by the Trustee on behalf of the Bond Bank under the Program are temporary intra-fiscal year borrowings of the Qualified Entities made in anticipation of the receipt of Ad Valorem Property Taxes levied and in the course of collection during 2005 (and (a) in the case of school corporations may, in the sole discretion of the Bond Bank, be made in anticipation of State tuition support distributions in the course of collection and (b) in the case of a township may, in the sole discretion of the Bond Bank, be made in anticipation of other revenues to be received by the township on or before December 31, 2005). See "THE PROGRAM" and "SUMMARY OF CERTAIN PROVISIONS OF THE WARRANT PURCHASE AGREEMENTS" in Appendix E.

The proceeds of the Series A Notes are anticipated to be used by the Trustee to purchase the Series A Warrants of the respective Qualified Entities described in, and in the amounts set forth in, Appendix A hereto. Certain information related to such Qualified Entities is set forth in Appendix A. As of the date of the issuance of the Series A Notes, such Qualified Entities will have entered into Agreements with the Bond Bank. The Bond Bank may also purchase Series A Warrants with the proceeds of the Series A Notes from other Qualified Entities or in additional amounts from participating Qualified Entities if for any reason a Qualified Entity described in Appendix A does not participate, either in whole or in part, in the Program. A Qualified Entity may, at its option, receive payment from the Bond Bank for the purchase of the Qualified Entity's Series A Warrant on an installment basis instead of receiving a lump sum payment. The initial payment installment for any Series A Warrant purchased shall be made on January 27, 2005 and shall be at least \$50,000 unless otherwise consented to by the Bond Bank. The Trustee shall not make any future installment advance with respect to any Series A Warrant that has not been disbursed in full on the date that such Series A Warrant is purchased until such time as the Trustee has received a request for an installment advance in the form required by the applicable Agreement approved by the Bond Bank. Such subsequent installments shall be made on the first Business Day of each month through and including May 2005. Notwithstanding the foregoing, if the full principal amount of any Series A Warrant has not been disbursed to any Qualified Entity prior to the first Business Day of May 2005, then a final payment installment shall be made by the Trustee to such Qualified Entity in an amount, which, together with all prior payment installments made with respect to such Series A Warrant, aggregates the principal amount of each Series A Warrant purchased by the Bond Bank from such Qualified Entity.

The Bond Bank will receive a Positive Cash Flow Certificate (as defined in Appendix B-1) from Crowe Chizek and Company LLC, Indianapolis, Indiana, on the date of the issuance of the Series A Notes to the effect that the principal and interest payments on the Series A Warrants, assuming (i) payment in accordance with the terms of the Series A Warrants, (ii) investment earnings on the Series A Warrant principal and interest payments, from the date of such payments through January 26, 2006 and (iii) investment earnings, from January 27, 2005 until each date on which an installment payment for the purchase of Series A Warrants is made

(which date is not later than the first Business Day of May 2005), on any portion of the proceeds of the Series A Notes which is not used to purchase Series A Warrants on January 27, 2005, will at least be sufficient on the Payment Date to provide full payment of the principal of and interest on the Series A Notes due on such Payment Date. See “The Investment Agreement” in this section.

Provisions for Payment of the Series A Warrants

As a precondition to the purchase of Series A Warrants under the Program, the Qualified Entities will be required to demonstrate that the estimated amount of Ad Valorem Property Taxes, levied and in the process of collection, exceeds the amount of the Series A Warrants as required by the Program participation guidelines. Certain Qualified Entities which are school corporations will receive tuition support funds in 2005 from the State of Indiana on the first business day of each of the months of February through December and on December 30. The Bond Bank, in determining the amount of Series A Warrants to be purchased from a school corporation, may consider, in its sole discretion, the anticipated State tuition support distributions to be received by a school corporation. See “THE PROGRAM — Program Participation and Borrowing Limits.” Prior to the purchase of any Series A Warrant, a Qualified Entity will also be required under the Program to have taken all actions and received all approvals necessary to levy and collect sufficient Ad Valorem Property Taxes during 2005 for the payment of its Series A Warrants. See “THE PROGRAM — General” for a further discussion of the process by which Qualified Entities adopt and fix tax levies for Ad Valorem Property Taxes. See “REASSESSMENT” for a further discussion of the calculation and mailing of tax statements process. See “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE” and “SUMMARY OF CERTAIN PROVISIONS OF THE WARRANT PURCHASE AGREEMENTS” in Appendix E for further discussion of the preconditions to purchase the Series A Warrants.

Ad Valorem Property Taxes levied by Qualified Entities are due and payable to the treasurer of the county in which the Qualified Entity is located (each, a “County Treasurer”) in two installments, one on May 10 and the other on November 10 of each fiscal year. See “– Procedures for Property Assessment, Tax Levy and Collection” below. Ad Valorem Property Taxes not paid by the date due are subject to imposition of a penalty and interest, which together with such taxes not paid constitute a lien on the property subject to the Ad Valorem Property Taxes. See “SUMMARY OF INFORMATION REGARDING THE QUALIFIED ENTITIES” in Appendix A. However, as a result of the process of reassessment of real property in Indiana in 2001, 2002, 2003 and 2004, the payment and distribution of Ad Valorem Property Taxes during 2004 for the Qualified Entities was, and in some instances continues to be, delayed, and it is anticipated that the payment and distribution of Ad Valorem Property Taxes during 2005 for some Qualified Entities will be delayed. See “REASSESSMENT” herein.

Receipts from Ad Valorem Property Tax collections are normally distributed through county auditors to Qualified Entities in two installments in each Fiscal Year, one in June and one in December, unless advance distributions are requested by, and made to, Qualified Entities. See “– Procedures for Property Assessment, Tax Levy and Collection” below and “SUMMARY OF CERTAIN PROVISIONS OF THE WARRANT PURCHASE AGREEMENTS” in Appendix E. To further assure the availability of funds on the date that the Series A Warrants are due, the

Agreements will require that a Qualified Entity participating in the Program must, no later than May 15, 2005, or November 15, 2005, as applicable, submit a request in accordance with Indiana law to the County Treasurer for advance distributions of not less than 95% of tax collections for each fund in anticipation of which Series A Warrants have been issued and sold to the Bond Bank under the Program. Any Qualified Entity receiving advance tax distributions in excess of 5% of the total taxes in anticipation of which Series A Warrants were issued will be required to invest such amounts for the payment of its Series A Warrants in certain limited investments that mature no later than the due date of the respective Series A Warrant. Under the Program, Series A Warrants are scheduled to mature and will be payable (i) on June 30, 2005 (or, if applicable by the terms of any Series A Warrant, the First Settlement Payment Due Date (as defined in the Series A Warrant Purchase Agreements)) or (ii) on December 31, 2005. The "First Settlement Payment Due Date" means the fourth Business Day (as defined in the Series A Warrant Purchase Agreements) following the "First Semi-Annual Settlement," which is defined in the Series A Warrant Purchase Agreements as the receipt by the Qualified Entity of its first semi-annual installment of revenues from taxes levied in 2004 and collectable in 2005 (including property tax replacement revenues) with respect to the fund in anticipation of which each Series A Warrant is issued. On June 1, 2005, any Qualified Entity that has elected to receive payment from the Bond Bank for the purchase of its Series A Warrant on an installment basis rather than a lump sum payment may prepay all (but not a portion) of its Series A Warrants scheduled to mature on June 30, 2005 (or, if applicable to the terms of any Series A Warrant, the First Settlement Payment Due Date) if it shall cause the required notice to be given to the Bond Bank and the Trustee, on or before May 20, 2005. On November 30, 2005, any such Qualified Entity may prepay all (but not a portion) of its Series A Warrants scheduled to mature on December 31, 2005 if it shall cause notice to be given to the Bond Bank and the Trustee, on or before November 18, 2005. Additionally, in the event the First Semi-Annual Settlement shall occur in more than one installment to the Qualified Entity to be made after June 30, 2005, following its receipt of each such installment, the Qualified Entity (i) must within two (2) Business Days following receipt of each such installment notify the Bond Bank of the amount so received and (ii) will be obligated to prepay the Series A Warrants issued in anticipation of the First Semi-Annual Settlement in the amounts, on the date or dates, and in respect of the respective Series A Warrants as may be determined by the Bond Bank in a notice to the Qualified Entity; provided the aggregate amount of each such prepayment of the Series A Warrants shall not exceed the aggregate amount of each such respective installment received by the Qualified Entity.

Procedures for Property Assessment, Tax Levy and Collection

Real and personal property in the State is assessed each year as of March 1. On or before August 1 each year, each county auditor must submit to each underlying taxing unit located within that county, a statement of (i) information concerning the assessed value of the taxing unit for the next calendar year, (ii) an estimate of the taxes to be distributed to the unit during the last six months of the current budget year and (iii) the current assessed valuation as shown on the abstract of charges.

By statute, the budget, tax rate and levy must be established: no later than the last meeting of the fiscal body in September for Marion County; no later than September 30 for all second class cities; and no later than September 20 for all other units. The budget, tax levy and tax rate are subject to review and revision by the Department of Local Government Finance

which can lower, but not raise, the tax levy or tax rate unless the levy proposed by the Qualified Entity is not sufficient to make its debt service or lease rental payments. The Department of Local Government Finance must complete its actions on or before February 15 of the immediately succeeding calendar year.

On or before March 15, each county auditor prepares and delivers the final abstract of property taxes within the applicable county. The county treasurer mails tax statements the following April (but mailing may be delayed due to reassessment or other factors). See “REASSESSMENT.” Property taxes are due and payable to the county treasurer in two installments on May 10 and November 10. If an installment of taxes is not completely paid on or before the due date, a penalty of 10% of the amount delinquent is added to the amount due. On May 11 and November 11 of each year after one year of delinquency, an additional penalty equal to 10% of any taxes remaining unpaid is added. The penalties are imposed only on the principal amount of the delinquency. Property becomes subject to tax sale procedures on July 1 if a delinquency then exists with respect to an installment due on or before May 10 of the prior year. Each county auditor distributes property taxes collected to the various taxing units on or before the June 30 or December 31 after the due date of the tax payment.

Pursuant to State law, real property is valued for assessment purposes at its “true tax value” as defined in the 2002 Real Property Assessment Manual adopted by the Department of Local Government Finance (the “Manual”), and as interpreted in the rules and regulations of the Department of Local Government Finance, including the 2002 Real Property Assessment Guidelines, Version A (the “Guidelines”) and the Real Property Assessment Manual Rule, 50 IAC 2.3. The Manual defines “true tax value” as “the market value in use of property for its current use, as reflected by the utility received by the owner or a similar user from that property.” The Manual permits assessing officials in each county to choose any acceptable mass appraisal method to determine true tax value, taking into consideration the ease of administration and the uniformity of the assessments produced by that method. The Guidelines were adopted to provide assessing officials with an acceptable appraisal methodology, although the Manual makes it clear that assessing officials are free to select from any number of appraisal methods, provided that they are capable of producing accurate and uniform values throughout the jurisdiction and across all classes of property. The Manual specifies the standards for accuracy and validation that the Department of Local Government Finance will use to determine the acceptability of any alternate appraisal method.

“Gross Assessed Value” is equal to the true tax value. “Net Assessed Value” or “Taxable Value” represents the “Gross Assessed Value” less certain deductions for mortgages, veterans, the aged, the blind, economic revitalization, resource recovery systems, rehabilitated residential property, solar energy systems, wind power devices, coal conversion systems, hydroelectric power devices, geothermal devices, and tax-exempt property. The “Net Assessed Value” or “Taxable Value” is the value used for taxing purposes in the determination of tax rates.

If a change in assessed value occurs, a written notification is sent by either the township assessor or the county board of review to the affected property owner. Upon notification, if the owner wishes to appeal this action, the owner may file a petition requesting a review of the action. This petition must be filed with the county assessor within 45 days after the written notification is given to the property owner or May 10 of that year, whichever is later. While the

appeal is pending, any taxes on real property that becomes due on the property in question must be paid in an amount based on the immediately preceding year's assessment or it may be paid based on the amount that is billed.

Indiana Code 6-1.1-21-5 provides each taxpayer with a property tax credit in an amount equal to sum of the following: (a) sixty percent (60%) of a taxpayer's tax liability in a calendar year for taxes imposed by a school corporation for its general fund for a stated assessment year on all real and personal property; (b) approximately twenty percent (20%) of a taxpayer's tax liability for a stated assessment year for a total county tax levy (less sixty percent (60%) of the levy for the general fund of a school corporation that is part of the total county tax levy) on real property; (c) and approximately twenty percent (20%) of a taxpayer's tax liability for a stated assessment year for a total county tax levy (less sixty percent (60%) of the levy for the general fund of a school corporation that is part of the total county tax levy) on tangible personal property other than business personal property.

On December 4, 1998, the Indiana Supreme Court affirmed in part and reversed in part a ruling by the Indiana Tax Court that the true tax value method of valuing property for purposes of levying property taxes is unconstitutional. *Town of St. John v. State Board of Tax Commissioners*, 702 N.E.2d 1034 (Ind. 1998). The Indiana Supreme Court ruled that the true tax value method is constitutional but the cost schedules used by the State Board of Tax Commissioners (now known as the Department of Local Government Finance) were unconstitutional. This ruling affects only the valuation method and does not affect the ability of the Qualified Entity to levy an unlimited property tax to pay debt service. On May 31, 2000, the Indiana Tax Court ordered the State Board of Tax Commissioners to adopt the new assessment regulations by June 1, 2001 and to complete reassessment under those regulations by March 1, 2002. The Department of Local Government Finance published the new assessment rules, which were effective June 22, 2001 and which initiated the reassessment process that, in some counties, is still under way.

In 2004, in some of the counties in which certain of the Qualified Entities that participated in the Program in 2004 (the "2004 Program") are located, reassessment was not completed in time to allow for the collection in 2004 of all of the property taxes that would have otherwise been due that year in such counties. See "REASSESSMENT" and "RISK FACTORS." However, those Qualified Entities utilized other alternatives for the payment of debt service on their warrants and other debt obligations due on or before December 31, 2004. Those alternatives included using other funds or obtaining a temporary borrowing in anticipation of the remaining property taxes originally anticipated to be collected in 2004, but delayed until after 2004 due to reassessment and other related factors (the "Remaining 2004 Property Taxes"). For example, in response to this delay, the Bond Bank implemented a program pursuant to which certain of those Qualified Entities issued warrants to refund warrants issued under the 2004 Program (the "Refunding Warrants"). The Bond Bank then purchased the Refunding Warrants using proceeds from the sale of notes issued by the Bond Bank and acquired by the State as investments for three State funds. The Refunding Warrants are secured solely by the Remaining 2004 Property Taxes. As a result of that program and other alternative methods, all of the warrants acquired by the Bond Bank pursuant to the 2004 Program were paid on or before their maturity dates, the last of which was December 31, 2004. Each Qualified Entity in the current Program has agreed in its Warrant Purchase Agreement that for so long as any Warrant that has

been issued in anticipation of revenues of a fund remains outstanding, the Qualified Entity shall not, without the consent of the Bond Bank and the Bank, issue any warrant or comparable obligation for the then-current year; provided that such prohibition would not be violated by the Qualified Entity having issued warrants for a fund in anticipation of the Remaining 2004 Property Taxes or by issuing warrants, with the Bond Bank's consent, to refund any such warrant secured solely by the Remaining 2004 Property Taxes (e.g., the Refunding Warrants) or if the lien of such warrant on the taxes or other revenues pledged to the payment of the Warrant is subordinate to the lien of the Warrant thereon. The Warrants under the current Program are not secured by the Remaining 2004 Property Taxes, which provides the security for the Refunding Warrants. The Refunding Warrants are not secured by the Ad Valorem Property Taxes levied in 2004 for collection in 2005, which, in addition to tuition support distributions from the State securing the Warrants of certain Qualified Entities which are school corporations, provides the security for the Warrants.

Neither the Bond Bank nor any Qualified Entity can predict (i) the extent to which reassessment will continue to affect property tax collections or (ii) the timing of future judicial actions in the *Town of St. John* case, if any, or of legislation, regulations or rulings enacted to implement this ruling or property tax reform in general. Further, no assurances can be given by the Bond Bank regarding the availability or feasibility of any of the previously discussed alternatives in 2005. However, at this time, it is anticipated that all Series A Warrants issued under the Program in 2005 will be paid at maturity with property tax collections payable in 2005 or, in the case of certain Qualified Entities which are school corporations, from tuition support distributions from the State.

Enforcement of Series A Warrants

As the owner of the Series A Warrants, the Bond Bank has available to it all remedies available to owners or holders of securities issued by the Qualified Entities. The Act provides that, upon the sale and delivery of any Series A Warrants to the Bond Bank, the Qualified Entity is deemed to have agreed that all statutory defenses to nonpayment are waived in the event that such Qualified Entity fails to pay principal of, or interest on, such Series A Warrants when due.

The Agreements will provide that to the extent permitted by law, any Series A Warrant which is not paid on or before the due date will bear interest at the Reinvestment Rate (as defined in Appendix B) thereafter. Additionally, the Act authorizes the Bond Bank to collect from the Qualified Entities fees and charges for its services and empowers the Qualified Entities to contract for and to pay such fees and charges. Pursuant to each Agreement, each Qualified Entity will agree to pay to the Bond Bank an amount, if any, equal to all costs and expenses incurred by or on behalf of the Bond Bank from time to time as a result of any failure by such Qualified Entity to comply with any of the provisions of the Agreement.

Under the Program, each of the Qualified Entities will be required to pledge and appropriate sufficient Ad Valorem Property Taxes levied and in the course of collection to the payment of the Series A Warrants. All Ad Valorem Property Taxes, including such taxes pledged and appropriated for the payment of the Series A Warrants, will be deposited into the funds for which they have been levied but will not be separately held or otherwise segregated pending the

payment of the Series A Warrants. See “RISK FACTORS” and “SUMMARY OF INFORMATION REGARDING THE QUALIFIED ENTITIES” in Appendix A.

Each Qualified Entity has agreed under its Agreement to report to the Bond Bank on its compliance with certain covenants which the Qualified Entity will make regarding various actions and conditions necessary to preserve the tax-exempt status of interest paid on the Series A Warrants. See “TAX MATTERS.” The Bond Bank has also determined to consult with the Qualified Entities, as necessary from time to time, with regard to the actions needed to be taken by the Qualified Entities to preserve the excludability of the interest on the Series A Notes from the gross income of the holders of the Series A Notes for federal income tax purposes.

Credit Facility

The Credit Facility will be available to the Trustee pursuant to the terms of the Credit Facility and the Reimbursement Agreement (the “Credit Facility Agreement”) dated as of the date of the issuance of the Series A Notes, by and between the Bond Bank and the Bank, and the assignment of the rights thereunder by the Bond Bank to the Trustee pursuant to the Indenture. The Credit Facility is a standby credit facility in an amount of \$69,816,500, and secures the payment of a portion of the principal of and interest on the Series A Notes (the “Maximum Available Credit”). Funds available under the Credit Facility provide for payment of a portion of the debt service on the Series A Notes in the event one or more Qualified Entities fail to make principal and interest payments on their Series A Warrants on a timely basis to the extent such defaults in payment on the Series A Warrants and the lack of anticipated investment earnings resulting therefrom, if any, do not, in the aggregate, exceed the Maximum Available Credit. Thus, the Credit Facility only provides additional assurance of payment on the Series A Notes in the event of limited defaults in payment by only a limited number of the participating Qualified Entities. The Credit Facility does not provide any additional assurance of payment of the Series A Notes resulting solely from nonpayment or late payment of amounts payable to the Bond Bank pursuant to the Investment Agreement.

If, as a result of the nonpayment or late payment on Series A Warrants and/or any deficiency in investment earnings corresponding thereto, the amount on deposit under the Indenture is not sufficient to pay the entire amount of interest and principal coming due on the Series A Notes, the Trustee is required to request a disbursement from the Bank under the Credit Facility in an amount equal to such deficiency up to the Maximum Available Credit. See “OPERATION OF FUNDS AND ACCOUNTS — Series A General Fund”. The term of the Credit Facility extends from the date of issuance of the Series A Notes through January 27, 2006. So long as no event of default has occurred under the Credit Facility Agreement, one disbursement may be used to provide for payment of principal of and interest on the Series A Notes due on January 26, 2006. Upon not less than seven banking days’ prior notice to the Bond Bank and the Trustee, the Bank may terminate the Credit Facility by reason of an event of default. Under the Indenture, the Trustee is directed to request payment from the Bank in the amount of the Maximum Available Credit upon receipt of a notice of termination from the Bank by reason of an occurrence of an event of default. Under the Credit Facility Agreement, payments made by the Bond Bank to the Bank in respect of amounts borrowed thereunder are first applied against interest accrued through the date of any such payment and then to principal outstanding thereunder.

Repayments to the Bank of amounts advanced to the Bond Bank pursuant to the Credit Facility, together with interest thereon, will be made solely from the moneys held in the Series A General Fund under the Indenture and all investments of money held in the Series A General Fund, subject only to the security interest therein granted by the Bond Bank to the Trustee for the benefit of the holders of the Series A Notes. Further, under the terms of the Indenture, the Series A Trust Estate has been pledged and otherwise granted to the benefit of the Bank to secure the Bond Bank's obligations under the Credit Facility Agreement and Credit Facility, provided that any interest in, lien on, or pledge of the Series A Trust Estate in favor of the Bank will be junior and subordinate to any interest in, lien on, or pledge of the Series A Trust Estate in favor of any owner of Series A Notes other than the Bank. All fees imposed to establish and maintain the Credit Facility will be paid to the Bank on the date of the issuance of the Series A Notes from the proceeds of the Series A Notes or otherwise. See "SUMMARY OF CERTAIN PROVISIONS OF THE CREDIT FACILITY AGREEMENT" in Appendix E.

In the opinion of legal counsel to the Bank, under current law and regulations, the Credit Facility Agreement constitutes the legal, valid and binding obligation of the Bank, enforceable against the Bank in accordance with its terms except as limited by bankruptcy, insolvency, liquidation, reorganization, moratorium conservatorship, receivership or similar occurrence affecting the Bank and general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or an action at law).

The Investment Agreement

It is expected that the Bond Bank will invest Series A Warrant payments in an Investment Agreement with the Financial Institution providing for a fixed rate of return expected to produce the investment earnings necessary, together with the payments of principal of and interest on the Series A Warrants, to pay the principal of and interest on the Series A Notes. The Bond Bank will require the Financial Institution to be rated at least "Aa3" by Moody's Investors Service, Inc. ("Moody's") and "AA-" by Standard & Poor's, a Division of The McGraw-Hill Companies ("S&P"). Full payment of principal of and interest on the Series A Notes is dependent upon investment earnings being paid pursuant to the Investment Agreement. However, there can be no assurance that the Financial Institution will be able to return the invested amounts and the investment earnings on a timely basis or at the rates contemplated under the Investment Agreement. Moreover, there can be no assurance that the Financial Institution will be able to return the invested amounts and the investment earnings on a timely basis or at the rates contemplated in the event of insolvency, bankruptcy or similar deterioration in financial condition of the Financial Institution. In the event that the Financial Institution fails to return the invested amounts or the investment earnings on a timely basis or at the rates contemplated under the Investment Agreement, the invested amounts and the investment earnings may be unavailable to pay debt service on the Series A Notes. The Trustee may not request a disbursement by the Bank under the Credit Facility in the event that the invested amounts or the investment earnings are unavailable unless such unavailability is due to a late payment or nonpayment on the Series A Warrants by one or more of the Qualified Entities.

THE PROGRAM

General

The Bond Bank established the Program in order to provide a mechanism for financing traditional cash flow deficits which are anticipated by Indiana political subdivisions during the 2005 fiscal year. The fiscal year for all Indiana political subdivisions is coextensive with the calendar year (the "Fiscal Year"). Indiana political subdivisions depend primarily on Ad Valorem Property Taxes, including Property Tax Replacement Fund moneys paid by the State to the political subdivisions, and State aid to meet operating expenses and to make capital expenditures or amortize debt incurred for capital expenditures. Indiana political subdivisions finalize budgets, hold hearings and adopt budgets and tax levies for the following Fiscal Year during the months of August and September of the preceding Fiscal Year and the same are reviewed by the appropriate County Board of Tax Adjustment and by the Department of Local Government Finance. The Department of Local Government Finance is directed by Indiana law to complete its review and approval of budgets and tax levies by February 15 of such following Fiscal Year. Property taxes for political subdivisions, which are collected during each Fiscal Year, are payable in two installments, which are normally due in May and November. By law, taxes are required to be collected by the county treasurer and distributed by the county auditor to the political subdivisions on or before June 30 and December 31, respectively, unless reassessment delays collection of Ad Valorem Property Taxes. However, because the timing of tax receipts rarely matches the timing of expenditures, political subdivisions routinely issue warrants in anticipation of the next succeeding payments of Ad Valorem Property Taxes to the extent authorized by State law. The Program was established to finance cash flow deficits arising from such traditional timing differences between expenditures and tax receipts.

Certain Qualified Entities which are school corporations may be entitled to tuition support funds from the State of Indiana. Tuition support means, with respect to a Qualified Entity which is a school corporation, the total amount of State tuition support the school corporation receives in a particular year for its basic programs pursuant to Indiana Code 21-3-1.7. The amount of tuition support to which a certain school corporation is entitled is determined using a formula with several factors, including a school corporation's average daily membership, its maximum general fund ad valorem property tax levy, the amount of federal aid it receives, and other factors. The tuition support for each school corporation is determined as part of the biennial budget process, and payments shall be made to the school corporations in 2005 on the first business day of each of the months of February through December and on December 30.

A Qualified Entity which is a school corporation may request to borrow additional funds from the Bond Bank based on the amount of tuition support that it anticipates receiving from the State of Indiana, but in no event in excess of 40% of the sum of the Ad Valorem Property Taxes levied and estimated for collection during 2005, and 80% of the sum of State tuition support distributions anticipated for collection during the period from July 1, 2005 through December 30, 2005, with respect to the fund or funds upon which a Series A Warrant is to be issued. The Bond Bank, in determining the amount of Series A Warrants to be purchased from a school corporation, may consider in the sole discretion of the Bond Bank, the anticipated amount of State tuition support distributions to be received by a school corporation. With respect to a

township, the Bond Bank may consider, in the sole discretion of the Bond Bank, other revenues anticipated to be received by such township on or before December 31, 2005.

The taxpayers of each county receive a credit for property tax replacement in the amount of approximately 15%-20% of the Ad Valorem Property Tax liability of each taxpayer (the "Replacement Credit") for Ad Valorem Property Taxes which are due and payable in May and November of each year. Before August 31 and December 15 of each year, respectively, the State Department of Revenue (the "Department") is required by law to distribute to each county treasurer from the State property tax replacement fund (the "Property Tax Replacement Fund") one-half of the estimated distribution from that fund for that year for the county. Such distributions are equal to the estimated Replacement Credit, together with other property tax credits, given to taxpayers. On or before December 31 of each year or as soon thereafter as possible, the Department by law must make a final determination of the amount which should be distributed from the Property Tax Replacement Fund to each County Treasurer. The Department by law must deposit 50% of all collections of State gross retail and use taxes and a portion of corporate adjusted gross income tax revenues into the Property Tax Replacement Fund. If the aggregate amount allocated to the County Treasurers by the Department from the Property Tax Replacement Fund exceeds the balance of money in the Property Tax Replacement Fund, the amount of the deficiency is required by law to be transferred from the State general fund to the Property Tax Replacement Fund. The Auditor of the State is required by law to issue a warrant to the Treasurer of the State ordering the payment of the required amount to the Property Tax Replacement Fund. Distributions from the Property Tax Replacement Fund are a source of funds to compensate for the reduction in taxes caused by credits given to taxpayers and as such merely replace Ad Valorem Property Taxes pledged as security for the payment of the Series A Warrants and do not constitute additional security for the payment of the Series A Warrants. See "REASSESSMENT" herein.

The proceeds of a Series A Warrant purchased by the Bond Bank from a Qualified Entity under the Program will be deposited in the fund for which such Series A Warrant was issued and the Series A Warrant will be payable from the Ad Valorem Property Taxes deposited to such fund; provided, however, that any school corporation may pay interest on a Series A Warrant issued for any fund from the school corporation's debt service fund or general fund in the case of anticipated State tuition support distributions. Each Agreement will restrict the aggregate amount of Series A Warrants that the Bond Bank is required to purchase or hold for a particular fund to the lesser of (i) the anticipated cash flow deficit for such fund for the applicable semiannual borrowing period or (ii) forty percent (40%) of the annual tax levy expected to be received in such fund during such annual period. Each Agreement will set forth the due dates for the Qualified Entity's Series A Warrants, none of which may be later than the December 31 following the date of issuance for the Series A Warrants of the Qualified Entities. Each Agreement will restrict the Qualified Entity from issuing any warrant or comparable obligation (each an "Additional Obligation") in anticipation of the revenues budgeted for the funds in anticipation of which the Series A Warrants were issued without the consent of the Bond Bank and the Bank. See "SUMMARY OF CERTAIN PROVISIONS OF THE SERIES A WARRANT PURCHASE AGREEMENTS" in Appendix E. It is anticipated by the Bond Bank that it will consent to certain cash flow borrowings by Qualified Entities participating in the Program made in anticipation of distributions of budgeted revenues for a fund in anticipation of which Series A Warrants purchased under the Program were issued. See "Additional Borrowings." Prior to

giving consent, the Bond Bank or the Bank would likely require that (a) such Additional Obligation be subordinated to any Series A Warrants issued by the Qualified Entity and held by the Bond Bank, (b) such Qualified Entity demonstrate an ability to repay such Additional Obligation with revenues from a source other than Ad Valorem Property Taxes pledged to pay its Series A Warrants or (c) such Qualified Entity otherwise demonstrate that the ability to pay its Series A Warrants is not adversely affected by the issuance of such Additional Obligations. See “Authority to Issue Series A Warrants” in this section. However, nothing requires the Bond Bank or the Bank to condition its consent to issuing an Additional Obligation on any specific requirements. See “SUMMARY OF CERTAIN PROVISIONS OF THE SERIES A WARRANT PURCHASE AGREEMENTS” in Appendix E.

Determination of Program Needs

The Program has been designed to provide short-term loans to finance cash flow deficits incurred by each Qualified Entity prior to the receipt of Ad Valorem Property Taxes which are collected by the county in which such Qualified Entity is located. These short-term loans will be repaid out of Ad Valorem Property Tax proceeds due to be collected in 2005.

Prior to the commencement of the Program, Qualified Entities historically financed annual cash flow deficits by the public sale or private placement of warrants or by borrowing from other internal sources.

In the course of structuring the Program for 2005, the Bond Bank and its financial advisors have reviewed the history of the Program for prior years (1992-2004) and other Bond Bank short-term loan programs, as well as other historical data, which provides information concerning typical Qualified Entities, and short-term loan demands financed by traditional methods.

Based upon (i) its prior experience with Qualified Entity borrowing from the particular or comparable Qualified Entities, (ii) a review of historical financing patterns and (iii) funding needs projected from data submitted by Qualified Entities, the Bond Bank and its financial advisors have determined the reasonably expected funding needs of the Qualified Entity participants of the Program. The proceeds of Series A Notes are anticipated to be used by the Trustee to purchase the Series A Warrants of the Qualified Entities described in Appendix A hereto. Each of the Qualified Entities will have entered into an Agreement with the Bond Bank as of the date of the issuance of the Series A Notes. The Bond Bank may also purchase the Series A Warrants with the proceeds of the Series A Notes from other Qualified Entities or additional amounts from participating Qualified Entities in the Program if for any reason a Qualified Entity described in Appendix A does not participate, either in whole or in part, in the Program.

Authority to Issue Series A Warrants

Various Indiana political subdivisions have authority to issue obligations in anticipation of the collection of revenues, including school corporations (“School Corporations”), counties (“Counties”), cities (“Cities”), towns (“Towns”), townships (“Townships”) and library corporations (“Library Corporations”). Although certain of the Qualified Entities are authorized by law to issue Series A Warrants, as described below, in a greater amount, the amount of Series

A Warrant borrowings under the Program is more restrictive as a result of Program limitations, including, among others, that the principal amount of Series A Warrants issued may not exceed 80% of the taxes levied and estimated for collection during the semiannual period a Series A Warrant is due and in anticipation of which such Series A Warrants are issued with respect to the fund or upon which a Series A Warrant is to be issued. See “Program Participation and Borrowing Limits” in this section.

School Corporations are authorized by law to issue warrants, upon the finding by their governing boards that an emergency exists for the borrowing of money with which to pay current expenses from a particular fund prior to the receipt of revenues from taxes already levied for such fund and in anticipation of the receipt of such revenues. The principal of such warrants is payable solely from the fund for which such taxes have been levied, but interest thereon may be paid either from the School Corporation’s debt service fund or from the fund for which such taxes have been levied. Under a recent amendment to Indiana law, the principal amount of warrants which a School Corporation may issue to be paid from a particular fund maturing on or before December 31, 2005 cannot exceed the lesser of (i) the highest Cumulative Cash Flow Deficit (not to exceed the amount permitted by the Internal Revenue Service arbitrage regulations) estimated by the School Corporation for 2005 or (ii) 80% of the total approved budget for the fund for which the warrant has been issued. If the School Corporation determines that an emergency exists that requires an extension of such maturity date, the maturity date may be extended for not more than six (6) months after the budget year for which the warrant was issued if the School Corporation (i) adopts a resolution containing (a) a statement determining that an emergency exists, (b) a brief description of the grounds for such determination, and (c) the date the warrant will be repaid and (ii) immediately forwards such resolution to the State Board of Accounts and the Department of Local Government Finance. Additionally, if the Department of Local Government Finance, upon petition being filed by a School Corporation, concludes that such School Corporation cannot, in the ensuing calendar year, carry out the public educational duty committed to the School Corporation by law, the Department of Local Government Finance may award emergency financial relief in various forms, including, but not limited to, (a) providing a grant or grants to the School Corporation from any funds of the State that are available for such purpose, (b) permitting the School Corporation to borrow funds from the State that are available for such purpose, (c) permitting the School Corporation to borrow funds from a source other than the State or (d) allowing an advance or advances of funds that will become payable to such School Corporation under any law providing for the payment of State funds to School Corporations.

Counties are authorized by law to make temporary loans to meet current operating expenses, in anticipation of and not in excess of county revenues for the current fiscal year, which must be evidenced by tax anticipation warrants of the County. An ordinance authorizing the issuance of tax anticipation warrants must appropriate and pledge a sufficient amount of the funds and revenues in anticipation of which the warrants are issued to the punctual payment of the warrants. Interest on all warrants issued by Counties, including the Series A Warrants, must cease to accrue upon their maturity, but under the Act and the Agreement, the Bond Bank is authorized to collect any costs resulting from the late payment by, and any required enforcement against, any County.

Cities and Towns are authorized by law to issue warrants by ordinance for the purpose of making temporary loans in anticipation of current revenues that have been levied and are being collected for the year in which issued. The ordinance authorizing such loans must appropriate and pledge to their payment a sufficient amount of the revenues in anticipation of which the warrants are issued and out of which they are payable.

Library Corporations may issue warrants by action of the local library board for the purpose of obtaining temporary loans in an amount not to exceed the uncollected and anticipated taxes for the current year which have been levied but are not yet collected.

Townships may issue warrants by action of the Township's Advisory Board for the purpose of obtaining temporary loans in an amount not to exceed 50% of the Township's total anticipated revenue for the remainder of the year in which the loans are taken out.

Other political subdivisions are authorized by law to issue warrants consistent with the borrowing limitations established under the Program.

Program Participation and Borrowing Limits

To be considered for participation in the Program, each Qualified Entity has submitted an application to the Bond Bank. Application information and data supplied by each Qualified Entity seeking to participate in the Program included among other things the following: the historical and estimated cash flow data during the current Fiscal Year and the two Fiscal Years immediately preceding the date of the application; a list of the ten largest taxpayers; tax collection history; historical and projected budget and levy information; and general economic and demographic information and data.

Upon receipt of applications for participation in the Program, each applying Qualified Entity was analyzed to determine, consistent with the purposes of the Bond Bank, whether a Qualified Entity would be permitted to participate in the Program. Such analysis consisted of an internal financial review undertaken by the Bond Bank with the assistance of Municipal Consultants, as financial advisor to the Bond Bank. The Qualified Entities described in Appendix A have applied for participation in the Program, have been analyzed by the Bond Bank and its financial advisor and have been approved for participation in the Program by the Board of Directors.

Based on documentation and estimates supplied by a Qualified Entity at or prior to the time of execution of its Agreement, the Bond Bank's financial advisor has performed certain computations to arrive at the maximum anticipated Cumulative Cash Flow Deficit with respect to such Qualified Entity's budget and the limitation based upon the applicable percentage of Ad Valorem Property Tax levies to be anticipated by the proposed Series A Warrants. These computations, together with other Program limitations discussed herein, will serve as the basis for determining the maximum amount which a Qualified Entity is authorized to borrow from the Bond Bank under the Program.

Pursuant to the Agreements, each Qualified Entity will be required to represent and warrant certain matters to the Bond Bank in order to be eligible to participate in the Program. See

“SUMMARY OF CERTAIN PROVISIONS OF THE WARRANT PURCHASE AGREEMENTS” in Appendix E.

Subject to the last three sentences of this paragraph, for every Qualified Entity, the Bond Bank has limited the maximum amount for each Series A Warrant maturing on June 30, 2005 (or, if applicable by the terms of any Series A Warrant, the First Settlement Payment Due Date), which may be borrowed to the least of (a) 40% of the Ad Valorem Property Taxes levied and estimated for collection during 2005 with respect to the fund or funds upon which a Series A Warrant is to be issued, (b) the maximum anticipated Cumulative Cash Flow Deficit projected during the Tax Period or (c) the amount permitted pursuant to the laws of the State. Subject to the last three sentences of this paragraph, for every Qualified Entity, the Bond Bank has limited the maximum amount for each Series A Warrant maturing on December 31, 2005, which may be borrowed to the least of (a) 40% of the Ad Valorem Property Taxes levied and estimated for collection during 2005 with respect to the fund or funds upon which a Series A Warrant is to be issued, (b) the maximum anticipated Cumulative Cash Flow Deficit projected during the Tax Period (as defined in Appendix B) or (c) the amount permitted pursuant to the laws of the State. The limitation set forth in each clause (a) above is based upon the amount of Ad Valorem Property Taxes levied for collection during 2005. The limitation set forth in each clause (b) above applies as a comparison of total Series A Warrant borrowing (all maturities) to the maximum anticipated Cumulative Cash Flow Deficit projected during the Tax Period. Typically, for purposes of the Program, this amount is preliminarily certified by the Department of Local Government Finance in January of the then-current year. However, for the Program in 2005, the Department of Local Government Finance’s certification of Ad Valorem Property Taxes levied for collection during 2004 is being used to certify this amount for some Qualified Entities. A Qualified Entity which is a school corporation may request to borrow funds in excess of the maximum amount described in this paragraph, based on the amount of State tuition support distributions that a school corporation anticipates receiving from the State of Indiana, but in no event in excess of 40% of the sum of the Ad Valorem Property Taxes levied and estimated for collection during 2005 and 80% of the State tuition support distributions anticipated for collection during the period July 1 through and including December 30, 2005, with respect to the fund or funds upon which a Series A Warrant is to be issued. The Bond Bank shall have sole discretion to determine the borrowing limits of a school corporation in light of any State tuition support distributions. With respect to a township, in addition to the Ad Valorem Property Taxes, the Bond Bank shall have sole discretion to determine the borrowing limits of such township inclusive of additional other revenues to be received by the Qualified Entity on or before December 31, 2005.

Additional Borrowings

The Bond Bank may issue additional obligations (“Additional Notes”) to finance a portion of the cash flow deficits of the Qualified Entities participating in the Program to the extent that such deficits (a) are expected to exceed the amount borrowed under the Program funded from the proceeds of the Series A Notes and (b) will occur during the period commencing on July 1, 2005, and ending on December 31, 2005. The principal source of payment on such Additional Notes would be principal and interest payments received by the Bond Bank from such Qualified Entities under warrants issued in anticipation of the receipt by such Qualified Entities of Ad Valorem Property Taxes levied and in the course of collection during 2005. The respective

warrants securing the Series A Notes and the Additional Notes will be secured by the Ad Valorem Property Taxes levied in the course of collection and appropriated with respect to the fund or funds upon which such warrants are issued. The principal amount of the warrants pledged to the payment of the Series A Notes and the Additional Notes will not exceed 40% of the Ad Valorem Property Taxes levied and in the course of collection during 2005 with respect to the fund or funds upon which any such Series A Warrants are issued and with respect to such Series A Warrants maturing (i) in 2005 on or before June 30, 2005 (or, if applicable by the terms of any Series A Warrant, the First Settlement Payment Due Date) or (ii) during the period of July 1, 2005 through December 31, 2005. See “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE – Program Covenants” in Appendix E.

REASSESSMENT

A general reassessment of real property in the State commenced in 2001 and is still continuing in a few Counties in the State (the “Reassessment”). Reassessment was not completed in time to allow for the collection in 2003 or 2004 of all of the property taxes for some of the Counties in which Qualified Entities are located. Property tax statements for both semi-annual installments due in 2003 would normally have been mailed to taxpayers in March, 2003, for collection on May 10 and November 10, 2003. However, because of delays in the Reassessment process, most County Treasurers in the State were unable to mail the property tax statements on schedule. Accordingly, the collection of those semi-annual installments of Ad Valorem Property Taxes from taxpayers, and the distribution of the Township Assessors’ collections of such Ad Valorem Property Taxes to taxing units, was, and in a few instances continues to be, delayed. As a result of the delays associated with the collection and distribution of taxes in 2003, some County Treasurers in the State were, and in a few instances remain, unable to mail the 2004 property tax statements on schedule. Consequently, the collection of the 2004 semi-annual installments of Ad Valorem Property Taxes from taxpayers has been delayed in some counties, as has the distribution of the Township Assessors’ collections of such Ad Valorem Property Taxes to taxing units. The existence and duration of such delays are expected to vary in each of those Counties and are subject to a number of factors including the duration of the processing time necessary to complete the property tax assessment and collection process at the Offices of the County Assessors, the County Auditors and the County Treasurers and at the Department of Local Government Finance. As a result of these delays, it is anticipated that some Counties will be delayed in mailing the 2005 property tax statements. However, notwithstanding any such delay, it is anticipated that all such property taxes will be collected by December 31, 2005.

RISK FACTORS

Purchasers of the Series A Notes are advised of certain risk factors with respect to the payment of the Series A Warrants by the Qualified Entities, and payment of the Series A Notes at maturity. This discussion is not intended to be all-inclusive, and other risks may also be present.

The ability of the Bond Bank to pay principal of, and interest on, the Series A Notes depends primarily upon the receipt by the Bond Bank of payments pursuant to the Series A Warrants, including interest at the rates provided therein, from all Qualified Entities participating

in the Program which are obligated to make such payments to the Bond Bank, together with earnings on the amounts in the Series A Funds and Series A Accounts sufficient to make such payments. The Bond Bank will not maintain a debt service reserve for the Series A Notes and the provisions of Indiana Code 5-1.5-5 do not apply to the Series A Notes. Indiana Code 5-1.5-5 pertains to the requirement that, if there is a deficiency in a debt service reserve fund securing obligations of the Bond Bank, the Chairman of the Bond Bank must certify the amount of such a deficiency to the Indiana General Assembly for its consideration on whether to appropriate funds to restore the debt service reserve fund to its requirement.

Except for the Credit Facility, there is no source of funds available to make up for any deficiencies in the event of one or more defaults by one or more Qualified Entities in such payments on the Series A Warrants. There can be no representation or assurance that all of the Qualified Entities participating in the Program will receive sufficient taxes or other revenues or otherwise have sufficient funds available to make their required payments on the Series A Warrants. The receipt of such revenues by any Qualified Entity is subject to, among other things, future economic conditions, actions by creditors, delays in tax collections as a result of reassessment and other conditions which are variable and not certain of prediction. For a description of procedures for providing for the payment of Series A Warrants, see the captions “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES — Provisions for Payment of the Series A Warrants,” “— Procedures for Property Assessment, Tax Levy and Collection” and “THE PROGRAM”. For a more detailed discussion of risk factors relating to specific Qualified Entities including see “SUMMARY OF INFORMATION REGARDING THE QUALIFIED ENTITIES” in Appendix A.

Reassessment was not completed in time to allow for the collection in 2004 of all of the property taxes for some of the counties in which Qualified Entities are located. As a result, the receipt of property taxes to be collected in 2005 on the regular May 10 and November 10 installment payment dates by Qualified Entities in those counties may be delayed. However, notwithstanding any such delay, it is anticipated that all such property taxes will be collected by December 31, 2005.

To the extent the Trustee does not have sufficient funds on deposit under the Indenture to pay the entire amount of interest and principal coming due on the Series A Notes (as a result of the nonpayment or late payment on Series A Warrants and/or any deficiency in investment earnings corresponding thereto), the Trustee is directed to request payment from the Bank, up to the Maximum Available Credit, under the Credit Facility. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES — Credit Facility.” The Maximum Available Credit under the Credit Facility is less than the aggregate principal and interest payments that will be due on the Series A Notes, and thus there can be no assurance that amounts available under the Credit Facility will be sufficient to fund deficiencies and make debt service payments on all Series A Notes in full on a timely basis in the event of one or more defaults by Qualified Entities in making payments on the Series A Warrants. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES — Credit Facility.” In the event there are not sufficient funds available to pay debt service on all Series A Notes in full on a timely basis, available funds would be paid on a pro rata basis to the holders of the Series A Notes. See “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE” in Appendix E.

The ability of the Bank to honor a request for payment on the Credit Facility will be a function of its solvency at the time of such request for payment. See Appendix D for a discussion of the Bank and financial information related to the Bank. In the event that the Bank does not honor the request for payment on the Credit Facility or an event of default occurs under the Credit Facility Agreement and results in the termination of the Credit Facility, as defined and described in the Credit Facility Agreement, the rating on the Series A Notes could be revised downward or withdrawn entirely.

It is expected that the Bond Bank will invest the payments of the principal of and interest on the Series A Warrants in an Investment Agreement with the Financial Institution providing for a fixed rate of return expected to produce the investment earnings. The Bond Bank will require the Financial Institution to be rated at least “Aa3” by Moody’s and “AA-” by S&P. Full payment of principal of and interest on the Series A Notes is dependent upon investment earnings being paid pursuant to the Investment Agreement. However, there can be no assurance that the Financial Institution will be able to return the invested amounts and the investment earnings on a timely basis or at the rates contemplated under the Investment Agreement. Moreover, there can be no assurance that the Financial Institution will be able to return the invested amounts and the investment earnings on a timely basis or at the rates contemplated in the event of insolvency, bankruptcy or similar deterioration in the financial condition of the Financial Institution. In the event that the Financial Institution fails to return the invested amounts or the investment earnings on a timely basis or at the rates contemplated under the Investment Agreement, the invested amounts and the investment earnings may be unavailable to pay debt service on the Series A Notes. The Trustee may not request a disbursement by the Bank under the Credit Facility in the event that the invested amounts or the investment earnings are unavailable unless such unavailability is due to a late payment or nonpayment on the Series A Warrants by one or more Qualified Entities.

The remedies available to the Trustee, to the Bond Bank or to the owners of the Series A Notes upon the occurrence of a Series A Event of Default under the Indenture or under the terms of any of the Series A Warrants purchased by the Bond Bank and the Agreement related thereto or the Investment Agreement or the Credit Facility Agreement are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including specifically Title 11 of the United States Code (the United States Bankruptcy Code), the remedies provided in the Indenture and under the Agreements, the Series A Warrants, the Investment Agreement and the Credit Facility Agreement may not be readily available or may be limited.

DESCRIPTION OF THE SERIES A NOTES

General Description

The Series A Notes will be issued under the Indenture as fully registered notes in the denomination of \$5,000 or any integral multiple thereof. The Series A Notes will mature on January 26, 2006, in the amount, and will bear interest at the rate per annum, as set forth on the cover page of this Official Statement, computed on the basis of a 360-day year of twelve 30-day months. Interest on the Series A Notes will be payable at maturity of such Series A Notes as set forth on the cover page of this Official Statement (the “Payment Date”).

When issued, all of the Series A Notes will be registered in the name of and held by Cede & Co., as nominee for The Depository Trust Company, New York, New York (“DTC”). Purchases of beneficial interests from DTC in the Series A Notes will be made in book-entry only form (without certificates) in the denomination of \$5,000 or any integral multiple thereof. Purchasers of beneficial interests in the Series A Notes (the “Beneficial Owners”) will not receive physical delivery of certificates representing their interests in the Series A Notes. So long as DTC or its nominee is the registered owner of the Series A Notes, payments of the principal of and interest on the Series A Notes will be made directly by the Trustee by wire transfer of funds to Cede & Co., as nominee for DTC. Disbursement of such payments to the participants of DTC will be the sole responsibility of DTC, and the ultimate disbursement of such payments to the Beneficial Owners of the Series A Notes will be the responsibility of the Direct Participants and the Indirect Participants, as defined herein. See “Book-Entry-Only System” in this section.

The Series A Notes are not subject to redemption prior to maturity.

Book-Entry-Only System

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Series A Notes. The Series A Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series A Note will be issued for each issue of the Series A Notes, each in the aggregate principal amount of such issue, and will be deposited with DTC. If, however, the aggregate principal amount of any issue exceeds \$500 million, one Series A Note certificate will be issued with respect to each \$500 million of principal amount, and an additional Series A Note certificate will be issued with respect to any remaining principal amount of such issue.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of the Depository Trust and Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers,

banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has S&P’s highest rating: AAA. The DTC Rules applicable to its Direct and Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at **www.dtcc.com**.

Purchases of the Series A Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series A Notes on DTC’s records. The ownership interest of each actual purchaser of each Series A Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series A Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series A Notes, except in the event that use of the book-entry system for the Series A Notes is discontinued.

To facilitate subsequent transfers, all Series A Notes deposited by Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series A Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series A Notes; DTC’s records reflect only the identify of the Direct Participants to whose accounts such Series A Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series A Notes unless authorized by a Direct Participant in accordance with DTC’s Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Bond Bank as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Series A Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Series A Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the Bond Bank or the Trustee on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the

case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Trustee, or the Bond Bank, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Bond Bank or the Trustee, disbursements of such payments to Direct Participants will be the responsibility of DTC, and disbursements of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series A Notes at any time by giving reasonable notice to the Bond Bank or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Series A Note certificates are required to be printed and delivered.

The Bond Bank may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Series A Note certificates will be printed and delivered.

The information in this section concerning DTC and DTC’s book-entry system has been obtained from sources that the Bond Bank believes to be reliable, but the Bond Bank takes no responsibility for the accuracy thereof.

Revision of Book-Entry-Only System

In the event that either (i) the Bond Bank receives notice from DTC to the effect that DTC is unable or unwilling to discharge its responsibilities as a clearing agency for the Series A Notes or (ii) the Bond Bank elects to discontinue its use of DTC as a clearing agency for the Series A Notes, then the Bond Bank and the Trustee will do or perform or cause to be done or performed all acts or things, not adverse to the rights of the holders of the Series A Notes, as are necessary or appropriate to discontinue use of DTC as a clearing agency for the Series A Notes, and to transfer the ownership of each of the Series A Notes, in accordance with the Indenture. See “Payment of the Series A Notes” and “Transfer or Exchange of the Series A Notes” in this section.

Payment of the Series A Notes

If DTC or its nominee is not the registered owner of the Series A Notes, the principal of and interest on the Series A Notes is payable to the registered Owner thereof or his assignee upon maturity at the principal corporate trust office of the Trustee. Payment will be made in such coin or currency of the United States of America as, at the respective times of payment, is legal tender for the payment of public and private debts. The Bond Bank may provide for the payment of principal of and interest on the Series A Notes held by any Noteholder in amounts aggregating \$1,000,000 or more by wire transfer or by such other method as may be acceptable to the Trustee and such Noteholder.

Transfer or Exchange of the Series A Notes

Except as provided under “Book-Entry-Only System” in this section, any Series A Note or Series A Notes may be exchanged for new Series A Notes of the same type at the principal corporate trust office of the Trustee in accordance with the Indenture. No service charge or payment will be required to transfer or exchange any Note, but the Bond Bank or the Trustee may require payment of a sum sufficient to cover any tax, fee or other governmental charge required to be paid with respect to such transfer or exchange.

THE INDIANA BOND BANK

The Bond Bank was created in 1984, and is organized and existing under and by virtue of the Act as a separate body corporate and politic, constituting an instrumentality of the State for the public purposes set forth in the Act. The Bond Bank is not an agency of the State, but is separate from the State in its corporate and sovereign capacity and has no taxing power.

Powers Under the Act

Under the Act, the Bond Bank has a perpetual existence and is granted all powers necessary, convenient or appropriate to carry out its public and corporate purposes including, without limitation, the power to do the following:

1. Make, enter into and enforce all contracts necessary, convenient or desirable for the purposes of the Bond Bank or pertaining to a loan to or a lease or an agreement with a qualified entity, a purchase, acquisition or a sale of qualified obligations or other investments or the performance of its duties and execution of its powers under the Act;
2. Purchase, acquire or hold qualified obligations or other investments for the Bond Bank’s own account or for a qualified entity at such prices and in a manner as the Bond Bank considers advisable, and sell or otherwise dispose of the qualified obligations or investments at prices without relation to cost and in a manner the Bond Bank considers advisable;

3. Fix and establish terms and provisions upon which a purchase or loan will be made by the Bond Bank;
4. Prescribe the form of application or procedure required of a qualified entity for a purchase or loan and enter into agreements with qualified entities with respect to each purchase or loan;
5. Render and charge for services to a qualified entity in connection with a public or private sale of any qualified obligation, including advisory and other services;
6. Charge a qualified entity for costs and services in review or consideration of a proposed purchase, regardless of whether a qualified obligation is purchased, and fix, revise from time to time, charge and collect other program expenses properly attributable to qualified entities;
7. To the extent permitted by the indenture or other agreements with the owners of bonds or notes of the Bond Bank, consent to modification of the rate of interest, time and payment of installments of principal or interest, security or any other term of a bond, note, contract or agreement of any kind to which the Bond Bank is a party;
8. Appoint and employ general or special counsel, accountants, financial advisors or experts, and all such other or different officers, agents and employees as it requires;
9. In connection with any purchase, consider the need for and desirability or eligibility of the qualified obligation to be purchased, the ability of the qualified entity to secure financing from other sources, the costs of such financing and the particular public improvement or purpose to be financed or refinanced with the proceeds of the qualified obligation to be purchased by the Bond Bank;
10. Temporarily invest moneys available until used for making purchases, in accordance with the indenture or any other instrument authorizing the issuance of bonds or notes; and
11. Issue bonds or notes of the Bond Bank in accordance with the Act bearing fixed or variable rates of interest in aggregate principal amounts considered necessary by the Bond Bank to provide funds for any purposes under the Act; provided, that the total amount of bonds or notes of the Bond Bank outstanding at any one time may not exceed any aggregate limit imposed by the Act, currently fixed at \$1,000,000,000. Such aggregate limit of \$1,000,000,000 does not apply to (i) bonds or notes issued to fund or refund bonds or notes of the Bond Bank; (ii) bonds or notes issued for the purpose of purchasing an agreement executed by a qualified entity under Indiana Code 21-1-5; (iii) bonds, notes, or other obligations not secured by a reserve fund under Indiana Code 5-1.5-5; and (iv) bonds, notes, or other obligations if funds and investments, and the anticipated earned interest on those funds and investments, are irrevocably set aside in amounts sufficient to

pay the principal, interest, and premium on the bonds, notes, or obligations at their respective maturities or on the date or dates fixed for redemption.

Under the Act, the Bond Bank may not do any of the following:

1. Lend money other than to a qualified entity;
2. Purchase a security other than a qualified obligation to which a qualified entity is a party as issuer, borrower or lessee, or make investments other than as permitted by the Act;
3. Deal in securities within the meaning of or subject to any securities law, securities exchange law or securities dealers law of the United States, the State or any other state or jurisdiction, domestic or foreign, except as authorized by the Act;
4. Emit bills of credit or accept deposits of money for time or demand deposit, administer trusts or engage in any form or manner, or in the conduct of, any private or commercial banking business or act as a savings bank, savings and loan association or any other kind of financial institution; or
5. Engage in any form of private or commercial banking business.

Organization and Membership of the Bond Bank

The membership of the Bond Bank consists of seven Directors: the Treasurer of State, serving as Chairman Ex Officio, the Director of the State Department of Financial Institutions, appointed by the Governor and serving as Director Ex Officio, and five Directors appointed by the Governor of the State. Each of the five Directors appointed by the Governor must be a resident of the State and must have substantial expertise in the buying, selling and trading of municipal securities or in municipal administration or public facilities management. Each such Director will serve for a three-year term as set forth below. Upon expiration of such term, a Director will continue to serve until a successor is appointed and qualified. Each such Director is also eligible for reappointment and may be removed for cause by the Governor. Any vacancy on the Board is filled by appointment of the Governor for the unexpired term only.

The Directors elect one Director to serve as Vice Chairman. The Directors also appoint and fix the duties and compensation of an Executive Director, who serves as both secretary and treasurer. The powers of the Bond Bank are vested in the Board of Directors, any four of whom constitute a quorum. Action may be taken at any meeting of the Board by the affirmative vote of at least four Directors. A vacancy on the Board does not impair the right of a quorum to exercise the powers and perform the duties of the Board of Directors of the Bond Bank.

Directors

The following persons, including those persons with the particular types of experience required by the Act, comprise the present Board of Directors of the Bond Bank:

Tim Berry, Treasurer of the State of Indiana, February 10, 1999 to present and Chairman Ex Officio. Residence: Indianapolis, Indiana. Member, Indiana State Board of Finance; Vice-Chairman, Indiana Housing Finance Authority; Secretary-Investment Manager, Indiana Board for Depositories; Member, Governing Board of the Indiana Department of Revenue; Treasurer, Indiana State Office Building Commission; Treasurer, Indiana Recreational Development Commission; Trustee, Indiana State Police Pension Fund; Board Member, Indiana Transportation Finance Authority; Allen County, Indiana Treasurer 1990 to February, 1999.

Charles W. Phillips, Director of the Indiana Department of Financial Institutions, 1989 to present, and Director Ex Officio, serving at the pleasure of the Governor. Residence: New Albany, Indiana. Director Ex Officio, Indiana Housing Finance Authority; President, Floyd County Bank, New Albany, Indiana, 1962 to 1985; Former Examiner, Federal Deposit Insurance Corporation.

Clark H. Byrum, Vice Chairman; term expired July 1, 2003. Residence: Indianapolis, Indiana. Chairman of the Board and President, The Key Corporation, Indianapolis, Indiana, 1977 to present; Chairman of the Board, American State Bank of Lawrenceburg, Aurora and Greendale, Indiana, 1990 to present; Board Member, NCB Corporation and Norcen Bank, 1986 to present; Member, American Bankers Association; Member, Indiana Bankers Association; Member, National Association of Life Underwriters.

C. Kurt Zorn, Director; term expired July 1, 2003. Residence: Bloomington, Indiana. Professor of Public and Environmental Affairs, Indiana University, 1994 to present; Chairman, State Board of Tax Commissioners, January 1991 to August 1994; Associate Professor, School of Public and Environmental Affairs, Indiana University, 1987 to 1994 (on leave 1989 to 1992); Member, American Economic Association; Member, National Tax Association; Member, Governmental Finance Officers Association.

Russell Breeden, III, Director; term expired July 1, 2003. Residence: Indianapolis, Indiana. Chairman of the Board and CEO, Community First Financial Group, Inc., 1993 to 2002. Director, English State Bank, 1993 to present; Chairman, Peoples Trust Bank Company, 1994 to present; Chairman, Peninsula Banking Group, 1995 to present; Chairman, Bay Cities National Bank, 1995 to present; Director and President, Bettenhausen Motorsports, Inc., 1988 to present.

Marni McKinney, Director, term expired July 1, 2004. Residence: Indianapolis, Indiana. Vice President, 1984 to 1999, and Chairman of the Board, 1999 to present, First Indiana Bank; President and CEO, The Somerset Group, 1995 to 2000; Vice Chairman and Chief Executive Officer, First Indiana Corporation, 1999 to present; Board of Directors, The Children's Museum and Community Hospitals of Indiana, Inc.; Investment Committee Member, The Indianapolis Foundation.

Morris H. Mills, Director, term expired July 1, 2003. Residence: Ladoga, Indiana. Partner, Mills Bros. Farms; Member, Indiana State Senate, 1972 to 2000; Member, Indiana State House of Representatives, 1968 to 1972; Director and Officer, Maplehurst Group, 1954 to 1996.

Although the expiration date of the terms of four Directors is July 1, 2003, and the expiration date for one Director is July 1, 2004, the Act provides that their terms will not expire until their successors are appointed and qualified. No such successors have been appointed and qualified.

The Directors are authorized to appoint and fix the duties and compensation of an Executive Director, who serves as both secretary and treasurer of the Board of Directors. Dan Huge was appointed Executive Director of the Indiana Bond Bank on October 9, 2001. Mr. Huge previously served as the Deputy Director of the Indianapolis Local Public Improvement Bond Bank for over three years. Mr. Huge has over 19 years of corporate accounting and managerial experience. He is a Certified Public Accountant and holds a B.S. from Purdue University.

REVENUES, FUNDS AND ACCOUNTS

Creation of Series A Funds and Series A Accounts

The Indenture establishes the following special trust funds and accounts to be held by the Trustee:

1. Series A General Fund;
2. Series A Costs of Issuance Fund;
3. Series A Warrant Purchase Fund; and
4. Series A Rebate Fund.

Deposit of Net Proceeds of the Series A Notes

The Trustee will deposit the net proceeds from the sale of the Series A Notes as follows:

1. To the Series A Costs of Issuance Fund, in the amount needed to pay the costs of issuance of the Series A Notes (other than Underwriters' discount) and any Additional Notes;
2. To the Series A Costs of Issuance Fund to be paid to the Bank, in the amount needed to pay the fees owed upon issuance of the Credit Facility; and
3. To the Series A Warrant Purchase Fund, the balance of the proceeds of the Series A Notes available for the purchase of Series A Warrants from Qualified Entities under the Program.

The Trustee will deposit the proceeds of any Additional Notes as provided in a Supplemental Indenture authorizing the issuance of such Additional Notes.

Deposit of Series A Revenues and Other Receipts

The Trustee will deposit all Series A Revenues into the Series A Funds and Series A Accounts as follows:

1. All payments of principal of and interest on Series A Warrants paid by Qualified Entities, and all payments, if any, made by the Bank to the Bond Bank pursuant to the Credit Facility, will be deposited in the Series A General Fund;
2. All income or gain from the investment of moneys (except moneys in the Series A Rebate Fund), and all other Series A Revenues will be deposited in the Series A General Fund; and
3. All income or gain from the investment of moneys in the Series A Rebate Fund will remain in the Series A Rebate Fund.

OPERATION OF FUNDS AND ACCOUNTS

Series A Costs of Issuance Fund

Upon issuance of the Series A Notes and receipt of a requisition signed by an Authorized Officer of the Bond Bank, the Trustee will disburse the amounts held in the Series A Costs of Issuance Fund for the payment of the expenses of the issuance of the Series A Notes (as well as the expenses of the issuance of any interim or temporary notes), including, but not limited to, bond or reserve fund insurance premiums, credit enhancement or credit facility fees, the fees and expenses of Bond Counsel and general counsel to the Bond Bank, fees and expenses of the Trustee, the cost of reproducing documents, filing and recording fees, the cost of printing, execution, authentication, transportation and safekeeping of the Series A Notes (including fees and expenses in connection with the utilization of a book-entry system for the Series A Notes), fees and expenses of accountants and professional consultants, fees and expenses of any rating agencies and all other fees and expenses payable or reimbursable, directly or indirectly, by the Bond Bank prior to or concurrently with and in connection with the issuance and sale of the Series A Notes. At such time as an Authorized Officer certifies that all costs of issuance have been paid, and in any event not later than 180 days following the issuance of the Series A Notes, the Trustee will transfer any amounts remaining in the Series A Costs of Issuance Fund to the Series A General Fund.

Series A General Fund

The Trustee will disburse amounts in the Series A General Fund as follows and in the following order of priority:

1. At any time any amounts required to be transferred to the Series A Rebate Fund;

2. Not later than 12:00 noon, Indianapolis time, on each Payment Date, such amounts as may be necessary, if any, to pay interest due to be paid on Outstanding Notes on such Payment Date;
3. Not later than 12:00 noon, Indianapolis time, on each Payment Date, such amounts as may be necessary, if any, to pay principal due to be paid on Outstanding Notes on such Payment Date;
4. At such time as may be necessary for the payment of Program Expenses (as defined in Appendix B-1), but only upon receipt by the Trustee of a requisition from an Authorized Officer (as defined in Appendix B-1) describing the Program Expenses, and only to the extent that such Program Expenses, together with all other Program Expenses paid or payable following the date of the most recent Cash Flow Certificate (as defined in the Indenture), do not exceed the amount of such Program Expenses contemplated by such Cash Flow Certificate;
5. At such times as may be required pursuant to the Credit Facility Agreement, to the Bank such amounts as may be necessary to pay amounts, if any, due under the Credit Facility Agreement; provided that such payments shall be made only after amounts then due and owing to Noteholders (other than the Bank) have been made; and
6. At such times as the Bond Bank may determine, after making all the transfers required and on submission by the Bond Bank of a Cash Flow Certificate giving effect to such transfer, to any Series A Fund or Series A Account or other fund or account of the Bond Bank in the discretion of the Bond Bank.

If the amount on deposit in the Series A General Fund at 9:00 a.m., Indianapolis time, on any Payment Date is insufficient to pay the entire amount of interest and principal due on Outstanding Notes on such Payment Date (as a result of the nonpayment or late payment on Series A Warrants and/or deficiency in or nonpayment of investment earnings corresponding thereto), then, no later than 10:00 a.m., Indianapolis time, on such Payment Date, the Trustee will request payment from the Bank under the Credit Facility Agreement, and such amounts will be deposited into the Series A General Fund and immediately used, first for the payment of interest due on the Outstanding Notes and second for the payment of principal due on the Outstanding Notes.

Series A Warrant Purchase Fund

The Trustee will disburse the funds held in the Series A Warrant Purchase Fund to purchase the Series A Warrants from the Qualified Entities upon submission of a requisition of the Bond Bank signed by an Authorized Officer stating that all requirements for the purchase of the Series A Warrants set forth in the Indenture and in the Agreement have been met. A Qualified Entity may, at its option, receive payment from the Bond Bank for the purchase of the Qualified Entity's Series A Warrant on an installment basis instead of receiving a lump sum payment. The initial payment installment for any Series A Warrant purchased will be made on January 30, 2005 and will be at least \$50,000 unless otherwise consented to by the Bond Bank.

The Trustee will not make any future installment advance with respect to any Series A Warrant that has not been disbursed in full on the date that such Series A Warrant is purchased until such time as the Trustee has received a Request for an Installment Notice in the form required by the applicable Series A Warrant Purchase Agreement approved by the Bond Bank. Such subsequent installments will be made on the first Business Day of each month through and including May 2005. Notwithstanding the foregoing, if the full principal amount of any Series A Warrant has not been disbursed to any Qualified Entity prior to the first Business Day of May 2005, then a final payment installment shall be made by the Trustee to such Qualified Entity in an amount, which, together with all prior payment installments made with respect to such Series A Warrant, aggregate the principal amount of each Series A Warrant purchased by the Bond Bank from such Qualified Entity. See “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE” and “SUMMARY OF CERTAIN PROVISIONS OF THE WARRANT PURCHASE AGREEMENTS” in Appendix E. After purchase of all of the Series A Warrants, any excess amounts held in the Series A Warrant Purchase Fund will be transferred to the Series A General Fund which transfer will not be later than December 31, 2005.

Series A Rebate Fund

Upon the direction of the Bond Bank, the Trustee will deposit amounts for the benefit of the Bond Bank from the Series A General Fund into the Series A Rebate Fund. All income from investments of moneys held in the Series A Rebate Fund will be deposited into the Series A Rebate Fund. In the event and to the extent that amounts in the Series A Rebate Fund exceed amounts required to be rebated to the United States of America, the Trustee will transfer such excess amounts to the Series A General Fund upon direction of the Bond Bank. Not later than 60 days after the final maturity date of the Series A Notes, and upon the written request of the Bond Bank, the Trustee will pay the United States of America the amounts directed by the Bond Bank at the location specified in such direction and with the reports, forms and documentation provided by the Bond Bank.

Amounts Remaining in Series A Funds

Any amounts remaining in any Series A Fund or Series A Account after full payment of all of the Series A Notes outstanding under the Indenture, all required rebate payments to the United States of America and the fees, charges and expenses of the Trustee and the Bank will be distributed to the Bond Bank.

Investment of Series A Funds

Moneys held as a part of any Series A Fund or Series A Account under the Indenture, including without limitation the Series A Rebate Fund, will be invested and reinvested at all times as fully as reasonably possible by the Trustee in investments defined to be Investment Securities under the Indenture and in accordance with the provisions of the Act and the terms and conditions of the Indenture.

The Bond Bank shall direct the Trustee (with such direction to be confirmed in writing) in the investment of such moneys. The Bond Bank will so direct the Trustee, and the Bond Bank will make all such investments of moneys under the Indenture, in accordance with prudent

investment standards reasonably expected to produce the greatest investment yields while seeking to preserve principal and to avoid causing any of the Series A Notes to become arbitrage bonds under the Code. The Bond Bank has directed the Trustee to invest all moneys held in the Series A General Fund relating to the Series A Notes pursuant to the provisions of the Investment Agreement.

All investments will be a part of the Series A Fund or Series A Account from which moneys were used to acquire such investments, and all income and profits on such investments (other than from amounts on deposit in the Series A Rebate Fund or any Series A Account created thereunder) will be deposited as received in the Series A General Fund. Any investment losses will be charged to the Series A Fund or Series A Account from which moneys were employed to invest in the Investment Security, and the Trustee will not be liable for any investment losses so long as the Trustee complies with the provisions of the Indenture. Moneys in any Series A Fund or Series A Account will be invested in Investment Securities with maturity dates (or redemption dates determinable at the option of the owner of such Investment Securities) coinciding as nearly as practicable with the times at which moneys in such Series A Funds or Series A Accounts will be required for transfer or disbursement under the Indenture. The Trustee will sell and reduce to cash at the best price reasonably obtainable sufficient amounts of such Investment Securities in the respective Series A Fund or Series A Account as may be necessary to make up a deficiency in any amounts contemplated to be disbursed from such Series A Fund or Series A Account.

Obligations purchased as investments of moneys in any Series A Fund or Series A Account with a stated maturity of less than two years will be valued at cost, including paid accrued interest and unamortized debt discount. Other such obligations will be valued at the cost, including accrued interest paid and unamortized debt discount, or market value thereof, whichever is lower, exclusive of earned accrued interest.

The Bond Bank certifies to the owners of the Series A Notes outstanding, that amounts on deposit in any Series A Fund or Series A Account in connection with the Series A Notes, regardless of whether such amounts are derived from the proceeds of Series A Notes or any other source, are not intended to be used in a manner which will cause the interest on the Series A Notes to lose its excludability from gross income for federal income tax purposes.

THE SERIES A NOTES AS LEGAL INVESTMENTS

Under the Act all financial institutions, investment companies, insurance companies, insurance associations, executors, administrators, guardians, trustees and other fiduciaries in the State may legally invest sinking funds, money or other funds belonging to or within the control of such fiduciaries in the bonds and notes of the Bond Bank issued under the Act.

LITIGATION

Bond Bank

There is not now pending or, to the Bond Bank's knowledge, threatened any litigation (1) restraining or enjoining the issuance, sale, execution or delivery of the Series A Notes, (2) prohibiting the Bond Bank from purchasing the Series A Warrants with the proceeds of such

Series A Notes, (3) in any way contesting or affecting the validity of the Series A Notes or (4) restraining or enjoining any proceedings of the Bond Bank taken with respect to the issuance or sale thereof or the pledge or application of any moneys or security provided for the payment of the Series A Notes. Neither the creation, organization or existence of the Bond Bank nor the title of any of the present Directors or other officers of the Bond Bank to their respective offices is being contested.

Qualified Entities

Upon the issuance of the Series A Warrants, the Bond Bank will receive a certification from each Qualified Entity described in Appendix A to the effect that there is not now pending or, to the best knowledge of such Qualified Entity, threatened any litigation restraining or enjoining (i) the execution of the Series A Warrants or the Agreements or (ii) any proceedings of such Qualified Entity taken with respect to the Series A Warrants or the pledge or application of any moneys or security provided for the payment of the Series A Warrants, or in any way contesting or affecting the validity of the Series A Warrants or the Agreements.

TAX MATTERS

In the opinion of Barnes & Thornburg LLP, Indianapolis, Indiana, Bond Counsel, under existing laws, interest on the Series A Notes is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended and in effect on the date of issuance of the Series A Notes (the “Code”). The opinion of Barnes & Thornburg LLP is based on certain certifications, covenants and representations of the Bond Bank and the Qualified Entities issuing the Series A Warrants and is conditioned on continuing compliance therewith. In the opinion of Barnes & Thornburg LLP, Indianapolis, Indiana, Bond Counsel, under existing laws, interest on the Series A Notes is exempt from income taxation in the State for all purposes except the State financial institutions tax. See Appendix C for the form of opinion of Bond Counsel.

The Code imposes certain requirements which must be met subsequent to the issuance of the Series A Notes as a condition to the exclusion from gross income of interest on the Series A Notes for federal income tax purposes. Noncompliance with such requirements may cause interest on the Series A Notes to be included in gross income for federal income tax purposes retroactively to the date of issue, regardless of the date on which noncompliance occurs. Should the Series A Notes bear interest that is not excludable from gross income for federal income tax purposes, the market value of the Series A Notes would be materially and adversely affected. It is not an event of default if interest on the Series A Notes is not excludable from gross income for federal income tax purposes pursuant to any provision of the Code which is not in effect on the date of issuance of the Series A Notes.

The interest on the Series A Notes is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes. However, interest on the Series A Notes is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations.

The Series A Notes are not “qualified tax-exempt obligations” for purposes of Section 265(b)(3) of the Code.

Indiana Code 6-5.5 imposes a franchise tax on certain taxpayers (as defined in Indiana Code 6-5.5) which, in general, include all corporations which are transacting the business of a financial institution in the State. The franchise tax is measured in part by interest excluded from gross income under Section 103 of the Code minus associated expenses disallowed under Section 265 of the Code.

Although Bond Counsel will render an opinion that interest on the Series A Notes is excludable from gross income for federal income tax purposes and exempt from State income tax, the accrual or receipt of interest on the Series A Notes may otherwise affect an owner’s federal or state tax liability. The nature and extent of these other tax consequences will depend upon the owner’s particular tax status and the owner’s other items of income or deduction. Bond Counsel expresses no opinion regarding any other such tax consequences. Prospective purchasers of the Series A Notes should consult their own tax advisors with regard to the other tax consequences of owning the Series A Notes.

The foregoing does not purport to be a comprehensive description of all of the tax consequences of owning the Series A Notes. Prospective purchasers of the Series A Notes should consult their own tax advisors with respect to the foregoing and other tax consequences of owning the Series A Notes.

AMORTIZABLE BOND PREMIUM

The initial public offering price of the Series A Notes is greater than the principal amount payable at maturity. As a result, the Series A Notes will be considered to be issued with amortizable bond premium (the “Bond Premium”). An owner who acquires a Series A Note in the initial public offering will be required to adjust the owner’s basis in the Series A Note downward as a result of the amortization of the Bond Premium, pursuant to Section 1016(a)(5) of the Code. Such adjusted tax basis will be used to determine taxable gain or loss upon the disposition of the Series A Notes (including sale or payment at maturity). The amount of amortizable Bond Premium will be computed on the basis of the taxpayer’s yield to maturity. Rules for determining (i) the amount of amortizable Bond Premium and (ii) the amount amortizable in a particular year are set forth in Section 171(b) of the Code. No income tax deduction for the amount of amortizable Bond Premium will be allowed pursuant to Section 171(a)(2) of the Code, but amortization of Bond Premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining other tax consequences of owning the Series A Notes. Owners of the Series A Notes should consult their tax advisors with respect to the precise determination for federal income tax purposes of the treatment of Bond Premium upon the sale or other disposition of such Series A Notes and with respect to the state and local tax consequences of owning and disposing of the Series A Notes.

Special rules governing the treatment of Bond Premium, which are applicable to dealers in tax-exempt securities, are found at Section 75 of the Code. Dealers in tax-exempt securities are urged to consult their own tax advisors concerning the treatment of Bond Premium.

LEGAL MATTERS

Certain legal matters incident to the authorization and issuance of the Series A Notes by the Bond Bank are subject to the approval of Barnes & Thornburg LLP, Indianapolis, Indiana, Bond Counsel, whose approving opinion will be delivered with the Series A Notes. Bond Counsel will render a further opinion that representatives of such firm have reviewed the information contained under the captions, “INTRODUCTION” (other than information under the headings “The Bond Bank” and “The Official Statement; Additional Information”), “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES A NOTES” (other than information under the headings “Provisions for Payment of the Series A Warrants,” “Credit Facility” and “The Investment Agreement”), “DESCRIPTION OF THE SERIES A NOTES” (other than information under the heading “Book-Entry-Only System”), “REVENUES, FUNDS AND ACCOUNTS,” “OPERATION OF FUNDS AND ACCOUNTS,” “TAX MATTERS” and “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE” in Appendix E, in Appendix B-1 and in Appendix C of this Official Statement, insofar as they purport to summarize certain provisions of the Act, the Series A Notes and the Indenture, present a fair summary of such provisions. Bond Counsel has not undertaken to review the accuracy or completeness of statements under any other heading of this Official Statement, and expresses no opinion thereon and assumes no responsibility in connection therewith. Certain legal matters will be passed upon for the Bond Bank by its counsel, Baker & Daniels, Indianapolis, Indiana. Certain legal matters will be passed upon for the Underwriters by their counsel, Mayer, Brown, Rowe & Maw LLP, Chicago, Illinois, and for the Bank, by its counsel, Emmet, Marvin & Martin, LLP, New York, New York.

Bingham McHale LLP, Indianapolis, Indiana serves as bond counsel to the Qualified Entities in connection with the issuance and sale of the Series A Warrants to the Bond Bank and will be passing on certain legal matters in connection therewith.

The remedies available to the Trustee, to the Bond Bank or to the owners of the Series A Notes upon a Series A Event of Default under the Indenture, under the terms of any of the Series A Warrants purchased by the Bond Bank, under the terms of any Agreement or under the terms of the Investment Agreement or the Credit Facility Agreement are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including specifically Title 11 of the United States Code (the United States Bankruptcy Code), the remedies provided in the Indenture and under the Series A Warrants, the Agreements, the Investment Agreement or the Credit Facility Agreement may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the Series A Notes will be qualified as to the enforceability of the various legal instruments by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally (regardless of whether such enforceability is considered in a proceeding in equity or in law), by general principles of equity (regardless of whether such proceeding is considered in a proceeding in equity or at law) and by the valid exercise of the constitutional powers of the State and the United States of America. These exceptions would encompass any exercise of any of the Qualified Entity’s police powers in a manner consistent with the public health and welfare. Enforceability of the Indenture, the Series A Warrants or the Agreements in situations where

such enforcement may adversely affect public health and welfare may be subject to the police powers of the State or any of the Qualified Entities.

RATINGS

Moody's and S&P have assigned ratings of "MIG-1" and "SP-1+" respectively, to the Series A Notes. These ratings reflect only the view of Moody's and S&P and an explanation thereof may be obtained from Moody's at 99 Church Street, New York, New York 10007 and from S&P at 55 Water Street, New York, New York 10041. None of such ratings is a recommendation to buy, sell or hold the Series A Notes. There is no assurance that such ratings will remain in effect for any given period of time or that any of such ratings will not be lowered or withdrawn entirely by Moody's or S&P if, in their judgment, circumstances so warrant. Any such downward revision or withdrawal of the ratings may have an adverse effect upon the market price or marketability of the Series A Notes.

UNDERWRITING

Under a contract of purchase entered into between the Underwriters listed on the cover page of this Official Statement and the Bond Bank, the Series A Notes are being purchased by the Underwriters for reoffering at an aggregate purchase price of \$541,620,295.50. The purchase price reflects the original principal amount of the Series A Notes, \$537,050,000.00, together with an original issue premium of \$4,973,083.00, less an Underwriters' discount of \$402,787.50. The contract of purchase provides that the Underwriters will purchase all of the Series A Notes if any are purchased. The obligations of the Bond Bank to deliver the Series A Notes and of the Underwriters to accept delivery of the Series A Notes are subject to various conditions contained in the contract of purchase.

The Underwriters have agreed to make an initial public offering of all of the Series A Notes at yields not less than the yields set forth on the cover page of this Official Statement. The Underwriters may offer and sell the Series A Notes to certain dealers (including dealers depositing the Series A Notes into investment trusts) at prices lower than the initial public offering prices reflected on the cover page of this Official Statement.

CONTINUING DISCLOSURE

General

Pursuant to the terms of the Indiana Bond Bank Continuing Disclosure Agreement, the Bond Bank, while the Series A Notes are outstanding (unless the Series A Notes are defeased), has agreed to provide to each nationally recognized municipal securities information repository ("NRMSIR"), or to the Municipal Securities Rulemaking Board, and to the Indiana State Information Depository then in existence, if any (the "State Depository"), the following event notices with respect to the Series A Notes, if material, and in a timely manner:

- 1) principal and interest payment delinquencies;
- 2) non-payment related defaults;
- 3) unscheduled draws on debt service reserves reflecting financial difficulties;
- 4) unscheduled draws on credit enhancements reflecting financial difficulties;

- 5) substitution of credit or liquidity providers, or their failure to perform;
- 6) adverse tax opinions or events affecting the tax-exempt status of the security;
- 7) modifications to rights of security holders;
- 8) Series A Note calls;
- 9) defeasances;
- 10) release, substitution or sale of property securing repayment of the securities; and
- 11) rating changes.

Each Qualified Entity, while the Series A Notes are outstanding or until its Series A Warrants are legally defeased, redeemed or paid in full, has agreed to provide to the Bond Bank the preceding event notices with respect to its Series A Warrants if material, and in a timely manner. The disclosure obligations of the Bond Bank and each of the Qualified Entities are referenced as the “Undertakings.”

Remedy

The purpose of the Undertakings is to enable the Underwriters to purchase the Series A Notes in satisfaction of Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the “Rule”). The Undertakings are solely for the benefit of the holders and Beneficial Owners of the Series A Notes. The sole remedy against the Bond Bank or any Qualified Entity for any failure to carry out any provision of the Undertakings shall be for specific performance of the Bond Bank’s or such Qualified Entity’s disclosure obligations under the Undertakings. The Trustee may (and, at the request of the holders of at least 25% in aggregate principal amount of Outstanding Notes, shall), or any holder or Beneficial Owner of the Series A Notes, may seek a mandate or specific performance by court order, to cause the Bond Bank or Qualified Entity to comply with its obligations under the Undertakings. For the purposes of this section only, “Beneficial Owner” means any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Series A Notes (including persons holding any Series A Notes through nominees, depositories or other intermediaries) or (b) is treated as the owner of any Series A Note for federal income tax purposes.

Failure on the part of the Bond Bank or any Qualified Entity to honor its Undertaking shall not constitute a breach or default under the Series A Notes, the Indenture, the Series A Warrants or any other agreement to which the Bond Bank or the Qualified Entity is a party.

Modification of Undertakings

The Bond Bank, the Trustee and any Qualified Entity may, from time to time, amend any provision of the Undertakings without the consent of the holders or Beneficial Owners of the Series A Notes if: (a) such amendment (if related to certain provisions of the Undertakings) is made in connection with a change in circumstances that arises from a change in legal requirements, change in law or change in the identity, nature or status of the Bond Bank or any Qualified Entity or type of business conducted, (b) the respective Undertaking, as so amended, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule on the date of execution thereof, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances, and (c) such

amendment either (i) is approved by the holders of the Series A Notes in the same manner as provided in the Indenture for amendments to the Indenture with the consent of holders or (ii) in the opinion of nationally recognized bond counsel, does not materially impair the interests of the holders or Beneficial Owners of the Series A Notes.

Copies of the Undertakings are available from the Bond Bank upon request.

Compliance with Previous Undertakings

In the previous five years, the Bond Bank and each of the Qualified Entities has never failed to comply, in all material respects, with any previous undertakings in a written contract or agreement that any of them entered into pursuant to subsection (b)(5) of the Rule.

MISCELLANEOUS

The Bond Bank's offices are located at 2980 Market Tower, 10 West Market Street, Indianapolis, Indiana 46204, telephone (317) 233-0888.

All quotations from, and summaries and explanations of, the Act, the Indenture, the Credit Facility Agreement and the Agreements contained in this Official Statement do not purport to be complete and reference is made to each such document or instrument for full and complete statements of its provisions. The attached Appendices are an integral part of this Official Statement and must be read together with all of the foregoing statements. Copies in a reasonable quantity of the Act, the Indenture, the form of Agreement, the Credit Facility Agreement and the supplemental materials furnished to the Bond Bank by the Qualified Entities may be obtained upon request directed to the Bond Bank.

It is the Bond Bank's current policy to provide its financial statements to the holders of its obligations, including the Series A Notes, upon written request. In addition, certain other information concerning the Bond Bank is available to the Trustee and holders of the Series A Notes pursuant to the Indenture.

Neither any advertisement of the Series A Notes nor this Official Statement is to be construed as constituting an agreement with the purchasers of the Series A Notes. So far as any statements are made in this Official Statement involving matters of opinion, whether or not expressly so stated, they are intended merely as such and not as representations of fact.

This Official Statement has been duly approved, executed and delivered by the Bond Bank.

APPENDIX A

SUMMARY OF INFORMATION REGARDING THE QUALIFIED ENTITIES

THE QUALIFIED ENTITIES

The proceeds of the Notes are anticipated to be used by the Trustee on behalf of the Bond Bank to purchase Warrants from the respective Qualified Entities set forth in this Appendix A. As of the date of the issuance of the Notes, such Qualified Entities will have entered into warrant purchase agreements with the Bond Bank. The Bond Bank may also use the proceeds of the Notes to purchase Warrants from other Qualified Entities or in additional amounts from Qualified Entities participating in the Program if for any reason a Qualified Entity described in this Appendix A does not participate, either in whole or in part, in the Program.

The following Qualified Entities, as further described below, have a taxpayer or industry group of taxpayers that in the aggregate comprise 10% or more of Assessed Valuation of the Qualified Entity:

PORTER COUNTY QUALIFIED ENTITIES

Porter County is located in northwest Indiana adjacent to Lake Michigan. The northern portion of the County serves as a multi-modal transportation network and includes the Port of Indiana, the Chicago South Bend & South Shore Railroad, the Indiana Toll Road and other major interstate highways. It is also a high-density industrial area and includes several steel producers and processors.

Bethlehem Steel filed for protection under Title 11 of the United States Code (the United States Bankruptcy Code) on October 15, 2001. On November 8, 2001, Bethlehem Steel announced that it had notified Porter County that it would not make the semi-annual property tax payment due November 13, 2001 and that it did not expect to pay its property taxes due in 2002. In December 2001, the Indiana State Board of Finance authorized a \$3 million, three-year loan to the civil taxing units affected by the non-payment by Bethlehem of its property tax payment due November 13, 2001. The loans were made in proportion to the amount each taxing unit was to receive from the scheduled payment. Additional loans were made in 2002 from the Counter-Cyclical Revenue and Economic Stabilization Fund, which is more commonly known as the Rainy Day Fund. The funds were used to repay this original loan and to provide additional assistance to Porter County, certain civil taxing units and school corporations.

On March 13, 2003, Bethlehem Steel signed an asset purchase agreement to sell substantially all of its assets to International Steel Group (ISG). At that time, neither Bethlehem Steel nor ISG were required to pay any property taxes in 2003 or 2004. The terms of the sale were approved by the bankruptcy court on April 22, 2003. The sale was completed in May 2003. On December 31, 2003, Bethlehem Steel was officially dissolved, in accordance with a plan of dissolution filed by the company September 10 and approved by the U.S. Bankruptcy Court for the Southern District of New York on October 22, 2003.

ISG and local taxing units made an agreement that ISG would make a payment in lieu of taxes (PILOT) to the units most dependent upon Bethlehem Steel. The agreement states that ISG's PILOT payments would be based on the taxes owed on the steel mill's real property based on the tax rates in 2003 and 2004. As of December 31, 2004, ISG had paid only one of the four payments outlined in the agreement. ISG is disputing the PILOT amount because of the effects of reassessment.

In October 2004, ISG announced a proposed merger with Mittal Steel Company N.V. The Netherlands-based Ispat International agreed to acquire the Dutch Antilles-based LNM Holdings. Following completion of the transaction, the company will be renamed Mittal Steel Company N.V.

On March 6, 2002, National Steel Corporation filed for protection under Title 11 of the United States Code (the United States Bankruptcy Code). The Midwest Operations of its Regional Division are located in the City of Portage. On January 9, 2003, National Steel Corporation announced it had signed an asset purchase agreement with U. S. Steel Corporation for the sale of substantially all of National Steel's steel making and finishing assets. On April 21, 2003, the bankruptcy court approved the sale of substantially all of

National Steel's steel making assets and iron ore pellet operations to U.S. Steel Corporation. The acquisition was completed on May 20, 2003.

Portage Township Schools - Three steel related companies jointly comprise 13% of the Assessed Valuation of Portage Township Schools (U.S. Steel Corporation - 8%, Beta Steel 4% and Steel Technologies - 1%).

City of Portage - Four steel related companies jointly comprise 17% of the Assessed Valuation of the City of Portage (U.S. Steel Corporation - 10%, Beta Steel Corporation - 5%, Central Coal Processing - 1% and Feralloy Corp 1%).

A portion of the ISG plant is located in Portage Township School's and the City of Portage's taxing districts; however, the Assessed Valuation of ISG is immaterial to the total Assessed Valuations of each Qualified Entity.

OTHER QUALIFIED ENTITIES

“Series A Revenues” means the income, revenues and profits of the Series A Funds and Series A Accounts under the Indenture, as referred to in the granting clauses of the First Supplemental Indenture.

“Series A Warrants” means the warrants issued by Qualified Entities which are parties to the Series A Warrant Purchase Agreements, which warrants are issued in anticipation of Ad Valorem Property Taxes levied and in the course of collection by a Qualified Entity (and (a) in the case of school corporations, which warrants may, in addition, in the sole discretion of the Bond Bank, be issued in anticipation of State tuition support distributions in the course of collection by such school corporations, and (b) in the case of a township, which warrants may, in addition, in the sole discretion of the Bond Bank, be issued in anticipation of other revenues to be received by the township on or before December 31, 2005), and which are purchased by the Trustee on behalf of the Bond Bank in accordance with the Indenture.

“Supplemental Indenture” means any indenture supplemental to or amendatory of the Original Indenture as originally executed, including the First Supplemental Indenture, which is duly executed in accordance with the provisions of the Original Indenture.

APPENDIX B-2

CERTAIN DEFINITIONS IN WARRANT PURCHASE AGREEMENT

CERTAIN DEFINITIONS

The following are definitions of certain terms used in the Official Statement and defined in the Warrant Purchase Agreement.

“County Auditor” means the authorized officer of the county in which a Qualified Entity is located with jurisdiction and responsibility for the remittance of tax revenues collected for such Qualified Entity.

“Cumulative Cash Flow Deficit” means, with respect to any fund of a Qualified Entity upon which Series A Warrants are issued, the excess of the expenses paid during the Tax Period which would ordinarily be paid out of such fund or financed by anticipated tax or other revenues of such fund, over the aggregate amount available (other than from proceeds of the Series A Warrants) during the Tax Period for the payment of such expenses.

“Outstanding” or “outstanding Warrant” means, when used with reference to the Warrants, the unpaid amount of any Warrant purchased by the Bond Bank pursuant to an Agreement and not theretofore paid by a Qualified Entity.

“Reinvestment Rate” means the greater of (a) the original interest rate on the Series A Warrants or (b) the per annum rate of interest equal to the defined rate or index specified for use in fixing or setting the per annum rate charged by the Bank for funds borrowed under the Credit Facility Agreement with the Bond Bank.

“Tax Period” means the period beginning on the date of issuance of the Series A Warrants and ending on the earlier of the date six months after such date of issuance or the date of the computation of the Cumulative Cash Flow Deficit.

APPENDIX C

PROPOSED FORM OF BOND COUNSEL OPINION

PROPOSED FORM OF BOND COUNSEL OPINION

Upon delivery of the Series A Notes, Barnes & Thornburg LLP, bond counsel,
proposes to deliver an opinion in substantially the following form:

January 27, 2005

Indiana Bond Bank

Indianapolis, Indiana

Re: Indiana Bond Bank
Advance Funding Program Notes, Series 2005 A

Ladies and Gentlemen:

We have acted as bond counsel to the Indiana Bond Bank (the “Issuer”) in connection with the issuance by the Issuer of its Advance Funding Program Notes, Series 2005 A, dated January 27, 2005 (the “Notes”), in the aggregate principal amount of \$537,050,000, pursuant to Indiana Code 5-1.5, as amended, and the Note Indenture, dated as of January 1, 2005 (the “Original Indenture”), between the Issuer and the Bank of New York Trust Company, N.A., as trustee (the “Trustee”), as supplemented and amended by the First Supplemental Note Indenture, dated as of January 1, 2005 (the “Supplemental Indenture”), between the Issuer and the Trustee (collectively, the “Indenture”).

Regarding questions of fact material to our opinion, we have relied on representations of the Issuer contained in the Indenture, the certified proceedings and other certifications of public officials furnished to us, and certifications, representations and other information furnished to us by or on behalf of the Issuer, the Series A Qualified Entities (as defined in the Supplemental Indenture) and others, including, without limitation, certifications contained in the tax and arbitrage certificate of the Issuer, dated the date hereof, and the tax and arbitrage certificates of each of the Series A Qualified Entities, dated the date hereof, without undertaking to verify the same by independent investigation. We have relied upon the legal opinion of Baker & Daniels, Indianapolis, Indiana, special counsel to the Issuer, dated the date hereof, as to the matters stated therein. We have relied upon the report of Crowe Chizek and Company LLC, Indianapolis, Indiana, independent certified public accountants, dated the date hereof, as to the matters stated therein.

Based upon the foregoing, we are of the opinion that, under existing law:

1. The Issuer is a body corporate and politic, validly existing under the laws of the State of Indiana (the “State”), with the corporate power to enter into the Indenture and perform its obligations thereunder and to issue the Notes.

2. The Notes have been duly authorized, executed and delivered by the Issuer, and are valid and binding limited obligations of the Issuer, enforceable in accordance with their terms. The Notes are payable solely from the Series A Trust Estate (as defined in the Supplemental Indenture).

3. The Indenture has been duly authorized, executed and delivered by the Issuer and is a valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms.

4. Under Section 103 of the Internal Revenue Code of 1986, as amended and in effect on this date (the “Code”), interest on the Notes is excludable from gross income for federal income tax purposes. The opinion set forth in the preceding sentence is subject to the condition that each of the Issuer and the Series A Qualified Entities comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Notes in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. Each of the Issuer and the Series A Qualified Entities has covenanted or represented that it will comply with such requirements. Failure to comply with certain of such requirements may cause interest on the Notes to become included in gross income for federal income tax purposes retroactively to the date of issuance of the Notes.

5. Interest on the Notes is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, such interest is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations.

6. Interest on the Notes is exempt from income taxation in the State for all purposes, except the State financial institutions tax.

We express no opinion herein as to the accuracy, completeness or sufficiency of the Official Statement, dated January 20, 2005, or any other offering material relating to the Notes.

We express no opinion regarding any tax consequences arising with respect to the Notes, other than as expressly set forth herein.

With respect to the enforceability of any document or instrument, this opinion is subject to the qualifications that: (i) the enforceability of such document or instrument may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium, fraudulent conveyance and similar laws relating to or affecting the enforcement of creditors’ rights; (ii) the enforceability of equitable rights and remedies provided for in such document or instrument is subject to judicial discretion, and the enforceability of such document or instrument may be limited by general principles of equity; (iii) the enforceability of such document or instrument may be limited by public policy; and (iv) certain remedial, waiver and other provisions of such document or

instrument may be unenforceable, provided, however, that, in our opinion, the unenforceability of those provisions would not, subject to the other qualifications set forth herein, affect the validity of such document or instrument or prevent the practical realization of the benefits thereof.

This opinion is given only as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,

APPENDIX E

SUMMARY OF CERTAIN LEGAL DOCUMENTS

E-1 Summary of Certain Provisions of the Indenture

E-2 Summary of Certain Provisions of the Series A Warrant Purchase Agreements

E-3 Summary of Certain Provisions of Credit Facility Agreement

APPENDIX E-1

SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE

SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE

The following is a summary of certain of the provisions of the Indenture and does not purport to be complete and is subject in all respects to the provisions of, and is qualified in its entirety by, reference to the Indenture.

Additional Notes

The Bond Bank may not issue Additional Notes on a parity with the Series A Notes.

Conditions Precedent to Purchase of Series A Warrants

The Trustee will not purchase any Series A Warrant issued under any Agreement until it has had the opportunity to review with respect to the Qualified Entity which is a party to such Agreement each of the following:

- (1) An original executed counterpart of the Agreement;
- (2) An opinion or certificate of counsel for the Qualified Entity to the effect that the Agreement has been validly executed and delivered on behalf of the Qualified Entity and constitutes a binding agreement by and between the Qualified Entity and the Bond Bank;
- (3) The Series A Warrant or Series A Warrants, executed by the Qualified Entity and delivered in accordance with the Act, in such form as will comply with the applicable provisions of the Agreement and the Indenture and is acceptable to the Trustee;
- (4) A written requisition of the Bond Bank signed by an Authorized Officer, stating to whom, in what amount, and by what method payment is to be made;
- (5) A certificate of an Authorized Officer attached to the requisition described in (4) above, to the effect that (1) the Qualified Entity, pursuant to its Agreement, has sold or will sell such Series A Warrant or Series A Warrants to the Bond Bank; (2) the Qualified Entity is obligated to make all payments of principal and interest as and when required to be made thereunder and to pay all fees and charges required to be paid to or on behalf of the Bond Bank under the Indenture and the Agreement; (3) to the knowledge of such officer, the Qualified Entity is not in default under the payment terms or other material terms or provisions of any other obligations of that Qualified Entity; and (4) the Qualified Entity has made all of the certifications required by the Act; and the Agreement and such other certifications and representations as may be reasonable and appropriate;
- (6) An Opinion of Bond Counsel, in form and substance satisfactory to the Bond Bank and the Trustee, to the effect that such Series A Warrant or Series A

Warrants bear interest that is excludable from gross income under Section 103 of the Code for purposes of federal income taxation; and

- (7) A certificate of an Authorized Official of the Qualified Entity to the effect that the representations and warranties of the Qualified Entity contained in the Agreement are true, complete and correct as of the time of such purchase.

Program Covenants

In order to provide for the payment of the principal of and interest on Series A Notes (including any repayment under the terms of the Credit Facility Agreement) and of Program Expenses, the Bond Bank will, from time to time in a sound and economical manner in accordance with the Act and the Indenture undertake all necessary actions to receive and collect Series A Revenues, including enforcement of the prompt collection of any arrears on Series A Warrants. Whenever necessary to provide for the payment on the Series A Notes, the Bond Bank will also commence to pursue appropriate remedies with respect to any Series A Warrant held by the Bond Bank which is in default.

The Bond Bank will (i) not purchase a Series A Warrant for a fund in a principal amount in excess of eighty percent (80%) of the semiannual levy which is anticipated to be collected by the Qualified Entity in such fund by the time such Series A Warrant is due and payable (as estimated or certified by the Department of Local Government Finance) (except, as to school corporations, such 80% limit shall apply to the sum of the semiannual levy and the State tuition support distributions which are anticipated to be collected by the Qualified Entity in such fund by the time such Series A Warrant is due and payable (as estimated or certified by the Department of Local Government Finance and the Department of Education), and (ii) not consent, pursuant to the Agreement, to the issuance by a Qualified Entity of any parity obligations similar to the Series A Warrants in an amount which, together with other warrants outstanding for a fund, would exceed eighty percent (80%) of such semiannual levy which is anticipated to be collected by the Qualified Entity in such fund by the time such Series A Warrant is due and payable (except, as to school corporations, such 80% limit shall apply to the sum of the semiannual levy and the State tuition support distributions which are anticipated to be collected by the Qualified Entity in such fund by the time such Series A Warrant is due and payable) unless the Bond Bank receives written approval from Moody's and S&P.

Series A Warrant Covenants

With respect to the Series A Warrants purchased by the Bond Bank, the Bond Bank covenants as follows:

- (1) To the extent that such action would not adversely affect the validity of such Series A Warrants, the Bond Bank will instruct the Trustee to pursue the remedy set forth in the Act for collection of deficiencies on any Series A Warrants by collection of such deficiencies out of certain State funds payable but not yet paid to a defaulting Qualified Entity.
- (2) The Bond Bank will diligently enforce and take all actions necessary to protect its rights with respect to any Series A Warrants and will also enforce or authorize the

enforcement of all remedies available to owners or holders of the Series A Warrants, unless the Bond Bank provides the Trustee and the Bank with a Positive Cash Flow Certificate giving effect to the Bond Bank's failure to enforce or authorize the enforcement of such remedies. Decisions as to the enforcement of such remedies will be within the Trustee's sole discretion, unless the Bank is the only owner of outstanding Series A Notes, in which case, all decisions as to the enforcement of particular remedies will be within the sole discretion of the Bank.

- (3) The Bond Bank will not (i) permit or agree to any material change in any of the Series A Warrant or (ii) sell or dispose of any Series A Warrant, unless the Bond Bank provides the Trustee and the Bank with a Cash Flow Certificate giving effect to such action and the Trustee and the Bank provide written approval thereof.

Series A Accounts and Reports

The Bond Bank will keep proper and separate books of records and accounts in which complete and correct entries will be made of its transactions relating to the Program and the Series A Funds and Series A Accounts established by the Indenture. Such books and all other books and papers of the Bond Bank and all Series A Funds and Series A Accounts will, at all reasonable times, be subject to the inspection of the Trustee, the Bank, and the owners of an aggregate of not less than five percent (5%) in principal amount of Series A Notes then outstanding or their representatives duly authorized in writing.

Before August 1, 2005, the Trustee will provide the Bond Bank with a statement of the amounts on deposit in each Series A Fund and Series A Account as of July 15, 2005, and the total deposits to and withdrawals from each Series A Fund and Series A Account since the beginning of calendar year 2005.

Annual Budget

The Bond Bank will adopt and file with the Trustee and appropriate State officials as required by the Act an annual budget covering its fiscal operations for the succeeding Fiscal Year not later than June 1, 2005. The annual budget will be open to inspection by any owner of Series A Notes. In the event the Bond Bank does not adopt an annual budget for the succeeding Fiscal Year on or before June 1, 2005, the budget for the preceding Fiscal Year will be deemed to have been adopted and be in effect for the succeeding Fiscal Year until the annual budget for such Fiscal Year has been duly adopted. The Bond Bank may at any time adopt an amended annual budget in the manner then provided in the Act.

Covenant to Monitor Investments

The Bond Bank covenants and agrees to review regularly the investments held by the Trustee in the Series A Funds and Series A Accounts under the Indenture in order to assure that Series A Revenues derived from such investments are sufficient to pay, together with other anticipated Series A Revenues, the debt service on all Series A Notes outstanding under the Indenture.

Preservation of Tax Exemption of the Series A Notes

In order to assure the continuing excludability of interest on the Series A Notes from the gross income of the owners thereof for purposes of federal income taxation, the Bond Bank covenants and agrees to take all actions and not to fail to take any actions necessary in order to preserve and protect such excludability. Additionally, the Bond Bank covenants and agrees not to take any action or fail to take any action with respect to the investment of the proceeds of the Series A Notes or the investment or application of any payments of the principal of and interest on any Series A Warrant or any other agreement or instrument entered into in connection therewith or with the issuance of the Series A Notes, including but not limited to the obligation to rebate certain funds to the United States of America, which would result in constituting any Series A Notes as “arbitrage bonds” within the meaning of Section 148 of the Code. The Trustee also covenants and agrees not to take any action or omit to take any action or permit any action or omission, which is within its control to be taken or omitted and would, to the knowledge of the Trustee, impair the excludability from gross income for federal income tax purposes of interest on the Series A Notes.

Covenants Concerning Credit Facility Agreement

The Bond Bank will review regularly the Series A Warrants and the security and sources of payment therefor for the purpose of assuring that the payment of principal of and interest on the Series A Warrants, together with other Series A Revenues, will be sufficient to provide for the timely payment of principal of and interest on the Series A Notes.

The Bond Bank further will comply with the Credit Facility Agreement and the Trustee will take all action necessary to effect the Bond Bank’s compliance with the Credit Facility Agreement.

Events of Default

Any of the following events constitutes a “Series A Event of Default” under the Indenture:

- (a) The Bond Bank defaults in the due and punctual payment of the principal of or interest on any Series A Note;
- (b) The Bond Bank defaults in the performance of any of its other covenants, agreements or conditions contained in the First Supplemental Indenture, any Agreement, or the Series A Notes and fails to remedy such default within sixty (60) days after receipt of notice, all in accordance with the First Supplemental Indenture;
- (c) Any warranty, representation or other statement by or on behalf of the Bond Bank contained in the First Supplemental Indenture or in any instrument furnished in compliance with or in reference to the Indenture is false or misleading in any material respect when made and there has been a failure to remedy the same within sixty (60) days after receipt of notice, all in accordance with the First Supplemental Indenture;

- (d) The Bond Bank fails to make remittances required by the Indenture to the Trustee within the time limits prescribed in the Indenture;
- (e) A petition is filed against the Bond Bank under any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction, whether now or hereafter in effect, and is not dismissed within sixty (60) days after such filing;
- (f) The Bond Bank files a petition in voluntary bankruptcy or seeking relief under any provision of any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction, whether now or hereafter in effect, or consents to the filing of any petition against it under such law;
- (g) The Bond Bank is generally not paying its debts as such debts become due, or becomes insolvent or bankrupt or makes an assignment for the benefit of creditors, or a liquidator or trustee of the Bond Bank or any of its property is appointed by court order or takes possession and such order remains in effect or such possession continues for more than sixty (60) days;
- (h) The Bond Bank is rendered incapable of fulfilling its obligations under the First Supplemental Indenture for any reason; or
- (i) An event of default occurs under the Credit Facility Agreement and the Bank exercises its right to terminate the Credit Facility thereunder.

No default under subparagraphs (b) or (c) above will constitute a Series A Event of Default until actual notice of the default by registered or certified mail has been given to the Bond Bank by the Trustee, the Bank, or the owners of not less than twenty-five percent (25%) in aggregate principal amount of all Series A Notes then outstanding and the Bond Bank has had sixty (60) days after receipt of the notice to correct such default, and shall not have corrected such default or caused such default to be corrected within such period. If such default is correctable but cannot be corrected within such period, it will not constitute a Series A Event of Default if corrective action is instituted by the Bond Bank within the applicable period and diligently pursued until the default is corrected.

Remedies

Upon the occurrence of a Series A Event of Default, the Trustee will notify the owners of Series A Notes of such Series A Event of Default and will have the following rights and remedies:

- (1) The Trustee may pursue any available remedy at law or in equity to enforce the payment of the principal of and interest on outstanding Series A Warrants, subject to their terms and to enforce the payment of principal of and interest on the Series A Notes when due;

- (2) The Trustee may by action or suit in equity require the Bond Bank to account as if it were the trustee of an express trust for the owners of the Series A Notes and may take such action with respect to the Series A Warrants as the Trustee deems necessary or appropriate and in the best interest of the owners of Series A Notes, subject to the terms of the Series A Warrants;
- (3) Upon the filing of a suit or other commencement of judicial proceedings to enforce any rights of the Trustee and of the owners of Series A Notes under the Indenture, the Trustee will be entitled, as a matter of right, to the appointment of a receiver or receivers of the Series A Trust Estate under the Indenture and of the Series A Revenues, issues, earnings, income, products, and profits thereof, pending such proceedings, with such powers as the court making such appointment shall confer;
- (4) Upon the occurrence and continuance of a Series A Event of Default described in subparagraph (a) or (d) above, the Trustee will request payment from the Bank under the Credit Facility;
- (5) Upon the occurrence of a Series A Event of Default described in subparagraph (i) above, the Trustee will request payment from the Bank under the Credit Facility in an amount equal to the total amount available to be requested under the Credit Facility;
- (6) Upon the occurrence and continuance of a Series A Event of Default and if requested to do so by the owners a majority of the aggregate principal amount of all Series A Notes then outstanding and if indemnified as provided in the Indenture, the Trustee will be obligated to exercise such of the rights, remedies, and powers conferred by the Indenture, as the Trustee, being advised by counsel, deems most expedient in the interests of the owners of Series A Notes; and
- (7) Upon the occurrence and continuance of a Series A Event of Default and in the event the Bank (i) has been deemed an owner of Series A Notes pursuant to the Indenture, (ii) is the only owner of outstanding Series A Notes, and (iii) has requested the Trustee so to do, and further, if the Trustee is indemnified as provided in the Indenture, the Trustee will be obligated to exercise one or more of the rights, remedies and powers conferred by the Indenture, as the Trustee, being advised by counsel and the Bank, deems most expedient in the interest of the Bank as Noteholder.

Upon receipt of payment from the Bank under the Credit Facility Agreement and subsequent payment of principal of and interest on Series A Notes by the Bond Bank, and notwithstanding any other provisions in the Indenture, the Series A Notes so paid will remain outstanding, will not be deemed defeased or otherwise satisfied, will not be considered paid by the Bond Bank, and will continue to be due and owing until paid by the Bond Bank with interest at the Reinvestment Rate (as defined in Appendix B-2), and the assignment and pledge of the Series A Trust Estate and all covenants, agreements, and other obligations of the Bond Bank to the registered owners of the Series A Notes so paid will continue to exist and run to the benefit

of the Bank, and the Bank will become subrogated to the rights of the recipients of such payments of principal of and interest on such Series A Notes and will be deemed to be the owner of such Series A Notes; provided, however, that any interest in, lien on, or pledge of the Series A Trust Estate in favor of the Bank (as holder of such Series A Notes) will be junior and subordinate to any interest in, lien on, or pledge of the Series A Trust Estate in favor of any owner of Series A Notes other than the Bank. To evidence such subrogation and ownership, the Trustee will note the Bank's rights as subrogee and owner on the registration books maintained by the Trustee upon receipt from the Bank of the payment to the Bond Bank and payment of principal of and interest to the holders of such Series A Notes.

After payment of all principal of and interest on the Series A Notes, the Trustee shall deliver to the Bank any net amount of any advance under the Credit Facility previously disbursed and not used to make payment on the Series A Notes.

Rights and Remedies of Owners of Series A Notes

No owner of any Series A Note will have any right to institute any suit, action or proceeding at law or in equity for the enforcement of the Indenture or for the execution of any trust thereof or for any other remedy under the Indenture, unless (i) a default has occurred and the Trustee has been notified pursuant to the Indenture, (ii) such default has become a Series A Event of Default and the owners of a majority of the aggregate principal amount of all Series A Notes then outstanding have made written request to the Trustee and have offered the Trustee reasonable opportunity either to proceed to exercise the remedies granted in the Indenture or to institute such action, suit or proceeding in its own name, (iii) such owners of Series A Notes have offered to indemnify the Trustee, as provided in the Indenture and (iv) the Trustee has refused, or for 60 days after receipt of such request and offer of indemnification has failed, to exercise the remedies granted in the Indenture or to institute such action, suit or proceeding in its own name. All proceedings at law or in equity must be carried out as provided in the Indenture and for the equal benefit of the owners of all outstanding Series A Notes. However, nothing contained in the Indenture will affect or impair the right of any owner of Series A Notes to enforce the payment of the principal of and interest on any Series A Note or the limited obligation of the Bond Bank to pay the principal of and interest on each of the Series A Notes to the owners of the Series A Notes at the time and place, from the source, and in the manner expressed in the Indenture and the Series A Notes.

The owners of a majority in aggregate principal amount of all Series A Notes then outstanding will have the right, at any time during the continuance of a Series A Event of Default, by a written instrument or instruments executed and delivered to the Trustee, to direct the time, method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of the Indenture or for the appointment of a receiver or any other proceedings under the Indenture. However, such direction shall not be otherwise than in accordance with the provisions of law and of the Indenture.

Waivers of Events of Default

At its discretion and with the consent of the Bank, the Trustee may waive any Series A Event of Default and its consequences, and must do so upon the written request of the owners of

(i) more than sixty-five percent (65%) in aggregate principal amount of all Series A Notes then outstanding in respect of which a Series A Event of Default in the payment of principal or interest exists or (ii) more than fifty percent (50%) in aggregate principal amount of all Series A Notes then outstanding in the case of any other Series A Event of Default. However, there may not be waived (A) any Series A Event of Default in the payment of the principal of any outstanding Series A Note at the specified date of maturity or (B) any Series A Event of Default in the payment when due of the interest on any outstanding Series A Note, unless, prior to the waiver, all arrears of payments of interest or principal due, as the case may be, with interest on overdue principal at the rate borne by such Series A Note, and all expenses of the Trustee in connection with the Series A Event of Default have been paid or provided for. In case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account of any such Series A Event of Default has been discontinued or abandoned or determined adversely, then the Bond Bank, the Trustee and the owners of Series A Notes will be restored to their former positions and rights under the Indenture. No such waiver or rescission will extend to any subsequent or other Series A Event of Default or impair any rights consequent thereon.

Supplemental Indentures

The Bond Bank and the Trustee, without the consent of, or notice to, any of the owners of Series A Notes, but with the written consent of the Bank, may enter into an indenture or indentures supplemental to the Indenture for any one of more of the following purposes:

- (a) To cure any ambiguity, formal defect or omission in the Indenture;
- (b) To grant to or confer upon the Trustee for the benefit of the owners of Series A Notes any additional benefits, rights, remedies, powers or authority that may lawfully be granted to or conferred upon the owners of Series A Notes or the Trustee, or to make any change which, in the judgment of the Trustee, does not materially and adversely affect the interests of the owners of Series A Notes and does not otherwise require the consent of the owners of all Series A Notes then outstanding under the Indenture;
- (c) To subject to the lien and pledge of the Indenture for the benefit and security of the owners of the Series A Notes then outstanding additional revenues, properties or collateral;
- (d) To modify, amend or supplement the Indenture or any supplemental indenture in order to permit the qualification thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualification of the Series A Notes for sale under the securities laws of the United States of America or of any of the states of the United States of America, and, in connection therewith, if the Bond Bank and the Trustee so determine, to add to the Indenture or to any supplemental indenture such other terms, conditions, and provisions as may be permitted by the Trust Indenture Act of 1939, as amended, or federal or state statute;

- (e) To evidence the appointment of a separate or co-trustee or the succession of a new Trustee under the Indenture or the succession of a new Note Registrar and/or paying agent;
- (f) To modify, amend or supplement the Indenture or any Supplemental Indenture to enable the Bond Bank to comply with its covenants regarding the excludability of interest from gross income of the owner of the Series A Notes for federal income tax purposes, so long as any such action is not to the material prejudice of the owners of the Series A Notes;
- (g) To modify, amend or supplement the Indenture or any Supplemental Indenture in any manner which, in the reasonable opinion of the Trustee, does not adversely affect, in any material respect, the security for the Series A Notes.

With the exception of Supplemental Indentures for the purposes described in the preceding paragraph and subject to the terms of the Indenture, the owners of not less than a majority of the principal amount of all Series A Notes then outstanding (other than Series A Notes held by the Bond Bank) will have the right, from time to time, to consent to and approve the execution by the Bond Bank and the Trustee of any Supplemental Indenture or Indentures deemed necessary and desirable by the Bond Bank for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any Supplemental Indenture. However, nothing contained in the Indenture shall permit or be construed as permitting, without the consent of the Bank and owners of all Series A Notes then outstanding, (i) an extension of the stated maturity or reduction in the principal amount of, or reduction in the rate or extension of the time of payment of interest on, any Series A Notes, or (ii) the creation of any lien on the Series A Trust Estate prior to the lien of the Indenture, or (iii) a reduction in the aggregate principal amount of the Series A Notes, the owners of which are required to consent to such Supplemental Indenture, or (iv) the granting of a privilege, priority or preference to any of the Series A Notes over any other Series A Notes or (v) any amendment or modification of the trusts, powers, rights, obligations, duties, remedies, immunities, or privileges of the Trustee which will also require the written consent of the Trustee.

Defeasance and Discharge of Lien of First Supplemental Indenture

If (a) payment or provision for payment is made to the Trustee of the whole amount of the principal of, and interest on, the Series A Notes due and to become due under the First Supplemental Indenture, (b) all Credit Obligations (as defined in the Credit Facility Agreement) have been discharged and there are no amounts owed by the Bond Bank to the Bank under the Credit Facility Agreement and (c) the Trustee receives all payments due and to become due under the First Supplemental Indenture, then the First Supplemental Indenture may be discharged in accordance with its provisions.

Any Series A Note will be deemed to be paid when: (a) payment of the principal of that Note, plus interest to its due date, either (i) has been made or has been caused to be made in accordance with its terms or (ii) has been provided for by irrevocably depositing with the Trustee, in trust and exclusively for such payment, (A) moneys sufficient to make such payment,

(B) direct obligations of the United States of America maturing as to principal and interest in such amounts and at such times, without consideration of any reinvestments thereof, as will insure the availability of sufficient moneys to make such payments (“Defeasance Obligations”) or (C) a combination of such moneys and such Defeasance Obligations; and (b) all other sums payable under the First Supplemental Indenture by the Bond Bank, including the necessary and proper fees and expenses of the Trustee pertaining to the Series A Notes and any amounts required to be rebated to the United States of America, have been paid to or deposited with the Trustee.

APPENDIX E-2

SUMMARY OF CERTAIN PROVISIONS OF THE WARRANT PURCHASE AGREEMENTS

**SUMMARY OF CERTAIN PROVISIONS OF
THE WARRANT PURCHASE AGREEMENTS**

The following is a summary of certain of the provisions of the Agreements and does not purport to be complete and is subject in all respects to the provisions of, and is qualified in its entirety by, reference to the Agreements.

Representations of the Bond Bank

The Bond Bank will represent and warrant in each Agreement, among other things, that:

- (1) It is a public body corporate and politic with full power and authority to enter into the Agreement and to perform its obligations thereunder;
- (2) By all required action, the Agreement and the Indenture and their respective execution and delivery have been duly adopted and authorized by the Bond Bank; and
- (3) The execution and delivery of the Agreement, and the performance of the Bond Bank of its obligations thereunder will not violate or result in a breach of any of the terms of, or constitute a default under, the Act or any instrument to which the Bond Bank is a party or by which it is bound.

Representations of the Qualified Entity

The Qualified Entity will represent and warrant in its Agreement, among other things, that as of the date of the Agreement and the purchase of Series A Warrants made thereunder:

- (1) It is a duly organized and existing political subdivision and constitutes a “qualified entity” within the meaning of the Act;
- (2) It has full power and authority to enter into the Agreement and perform its obligations thereunder;
- (3) By all required action, it has duly authorized the execution and delivery of the Agreement;
- (4) The execution, delivery and performance of the Agreement by the Qualified Entity will not conflict with or result in a breach under or constitute a default under any instrument to which the Qualified Entity is a party or by which it is bound;
- (5) There is no litigation pending or, to the knowledge of the Qualified Entity, threatened that challenges or questions the validity or binding effect of the Agreement or the Series A Warrants or its authority or ability to execute and

deliver the Agreement or the Series A Warrants or perform its obligations thereunder or that would, if adversely determined, have a significant adverse effect on the ability of the Qualified Entity to meet its obligations under the Agreement or the Series A Warrants;

- (6) Unless otherwise disclosed in writing to the Bond Bank, it has not, during the last 40 years, failed to pay when due interest on or principal of, and is not now in default under any obligation or indebtedness;
- (7) Unless otherwise disclosed in writing to the Bond Bank, it has, during its three most recent Fiscal Years, achieved an Ad Valorem Property Tax collection rate of at least eighty-five percent (85%);
- (8) All information furnished by it to the Bond Bank in connection with its participation in the Program is accurate and complete in all material respects;
- (9) It has not purchased and will not purchase, pursuant to any arrangement, the Series A Notes in an amount related to the Series A Warrants;
- (10) It has taken or will take all proceedings required by law to enable it to issue and sell the Series A Warrants to the Bond Bank pursuant to the Agreement;
- (11) Except as otherwise permitted in the Agreement, it has not issued any other obligations in anticipation of the receipt of Ad Valorem Property Taxes levied and in the course of collection, or if applicable, in anticipation of the receipt of current State tuition support revenue estimated to be received prior to December 31, 2005 (but after the last day of June 2005) for a fund upon which Series A Warrants are to be issued;
- (12) Prior to the end of the Tax Period, the Cumulative Cash Flow Deficit with respect to each fund upon which such Series A Warrants will be issued is expected to exceed 90% of the proceeds of all the Series A Warrants issued for such fund; and
- (13) There have been levied and are in the course of collection Ad Valorem Property Taxes for each fund upon which Series A Warrants are to be issued with respect to the June and December settlements and distributions in an amount estimated to equal at least 125% of the respective amounts of Series A Warrants maturing on June 30, 2005 (or, if applicable by the terms of any Series A Warrant, the First Settlement Payment Due Date), and payable from the June settlement and distribution and/or maturing on December 31, 2005, and payable from the December settlement and distribution.

Purchase of Series A Warrants

The Bond Bank will agree to purchase the Series A Warrants of the Qualified Entity at the purchase price of 100% of the par value thereof in a principal amount agreed to by the Qualified Entity and the Bond Bank. The Bond Bank will disburse the proceeds from the sale of the Series A Warrants to the Qualified Entity on or about the date of issuance of the Series A

Notes. The Series A Warrants will bear interest prior to their due date or dates at the per annum rate fixed at the time of their issuance; each Qualified Entity is expected to have a authorized rate not to exceed six and one-half percent (6.50%) as of the date of this Official Statement. To the extent permitted by law, Series A Warrants not paid on or before the respective due date will bear interest at the Reinvestment Rate thereafter until paid.

The initial payment installment for any Series A Warrant purchased shall be at least \$50,000 unless otherwise consented to by the Bond Bank. The Trustee shall not make any future installment advance with respect to any Series A Warrant that has not been disbursed in full on the date that such Series A Warrant is purchased until such time as the Trustee has received notice of a Request for an Installment advance as directed by the Series A Warrant Purchase Agreement approved by the Bond Bank. Such subsequent installments shall be made on the first Business Day of each month through and including May 2005. Notwithstanding the foregoing, if the full principal amount of any Series A Warrant has not been disbursed to the Qualified Entity prior to the first Business Day of May 2005, then a final payment installment shall be made by the Trustee to the Qualified Entity in an amount, which together with all prior payment installments made with respect to such Series A Warrant, aggregate the principal amount of each Series A Warrant purchased by the Bond Bank from such Qualified Entity.

Payment

Each Qualified Entity will be required to repay its Outstanding Warrants in full in immediately available funds no later than the applicable: (i) June 30, 2005, or if applicable by the terms of any Warrant, the First Settlement Payment Due Date; or (ii) December 31, 2005. Except as set forth in the Series A Warrant Purchase Agreement, Qualified Entities may not prepay the Series A Warrants prior to their due date without the express written consent of the Bond Bank. Qualified Entities will be required to submit a request to the County Treasurer for an advance distribution of not less than 95% of collections of Ad Valorem Property Taxes for each fund in anticipation of which Series A Warrants are issued. If a Qualified Entity receives advance distributions of Ad Valorem Property Tax collections or other moneys in lieu thereof, and the total of all advance distributions or other moneys in lieu thereof received exceeds five percent (5%) of the total taxes in anticipation of which Series A Warrants have been issued, the Qualified Entity will be required to invest such moneys temporarily in investments which: (i) mature no later than the respective due dates of such Series A Warrants, and are limited solely to interest-bearing time deposits or certificates of deposit of any bank, trust company or national banking association which is a member of the Federal Reserve System and which is designated as a depository under and a participant in the Public Deposit Insurance Fund of the State; or (ii) have been approved by the Bond Bank. Additionally, in the event the First Semi-Annual Settlement shall occur in more than one installment to the Qualified Entity to be made after June 30, 2005, following its receipt of each such installment, the Qualified Entity (i) must within two (2) Business Days following receipt of each such installment notify the Bond Bank of the amount so received and (ii) will be obligated to prepay the Series A Warrants issued in anticipation of the First Semi-Annual Settlement in the amounts, on the date or dates, and in respect of the respective Series A Warrants as may be determined by the Bond Bank in a notice to the Qualified Entity; provided the aggregate amount of each such prepayment of the Series A Warrants shall not exceed the aggregate amount of each such respective installment received by the Qualified Entity.

Conditions of Purchase

Prior to the purchase of its Series A Warrant or Series A Warrants, the Trustee will have the opportunity to review the various documents and instruments required by the Agreement with respect to each Qualified Entity, including, among other things, the following:

- (1) A certificate executed by an Authorized Official stating (a) the amount of the Cumulative Cash Flow Deficit projected to occur during each month of the Tax Period in each of the funds of the Qualified Entity for which Series A Warrants are to be issued, (b) the amount of taxes estimated or certified by the County Auditor or the Department of Local Government Finance to be levied and collected during the 2005 calendar year for each of the funds for which Series A Warrants are to be issued, and (c) that the Qualified Entity has duly, regularly and properly adopted its budget for the 2005 Fiscal Year, has complied with all statutory and regulatory requirements with respect to its adoption and will expend the proceeds of its Series A Warrant or Series A Warrants for lawful purposes provided for in the budget;
- (2) A copy of the final budget order, or if such final budget order is not available, then the most current preliminary budget order, of the Department of Local Government Finance setting forth the annual budgets for each of the funds of the Qualified Entity for which Series A Warrants are to be issued;
- (3) A copy of the resolutions or ordinances of the Qualified Entity authorizing the issuance of the Series A Warrants and appropriating and pledging funds for their repayment;
- (4) The opinion of bond counsel to the Qualified Entity in the form required by the Agreement;
- (5) A signed copy of the opinion or certificate of counsel to the Qualified Entity in the form required by the Agreement;
- (6) A copy of the transcript of the proceedings in which the Qualified Entity has authorized the issuance and sale of the Series A Warrants to the Bond Bank; and
- (7) All other documents and materials required by bond counsel for the Bond Bank.

Consent to Pledge by Qualified Entity

The Qualified Entity consents and agrees to the assignment and pledge by the Bond Bank of the Series A Warrants and all rights of the Bond Bank under the Agreement to the Trustee and thereafter to the Bank.

Other Borrowings

For so long as its Series A Warrant or Series A Warrants are outstanding, the Qualified Entity will not, without the consent of the Bond Bank and the Bank, issue any warrant or

comparable obligation in anticipation of the revenues budgeted for the fund from which the Series A Warrants will be paid for the then current Fiscal Year; provided that this prohibition shall not be violated by the Qualified Entity having issued warrants for a fund in anticipation of revenues that were originally anticipated for collection in the prior Fiscal Year but due to reassessment and related delays are now anticipated for collection in the Fiscal Year ending December 31, 2005 or by issuing warrants with the Bond Bank's consent, to refund any such warrant if such revenues remain in the course of collection.

Reports Relating to Cumulative Cash Flow Deficit and Financial Information.

The Qualified Entity will be required to submit monthly reports regarding its Cumulative Cash Flow Deficit and its compliance with the requirements of Section 148 of the Code.

Maintenance of Tax Exemption and Arbitrage Rebate

The Qualified Entity covenants not to take, or cause or permit itself or any party under its control to take, or fail to take, or cause to permit itself or any party under its control to fail to take, any action that would result in the loss of the exclusion from gross income for federal income tax purposes of interest on its Series A Warrants pursuant to Section 103 of the Code.

The Qualified Entity covenants to take all action necessary and appropriate to comply with the arbitrage rebate requirement under Section 148 of the Code to the extent applicable. The Qualified Entity will bear all responsibility for and pay all expenses of compliance with the rebate requirements with respect to its Series A Warrants.

Remedies

The Qualified Entity acknowledges and agrees that, in the event of its default on any of its obligations under its Agreement or under its Series A Warrants, the Bond Bank (and the Bank under the provisions of the Credit Facility Agreement to the extent that amounts are owed to the Bank under the Credit Facility Agreement) will have any and all remedies available at law or in equity for the enforcement of such obligations. The Qualified Entity further covenants and agrees that, in the event that any default on the payment of principal of or interest on a Series A Warrant is attributable to or arises from a third party's act or omission, the Qualified Entity will diligently prosecute any cause of action arising therefrom in its own name or, at the option of the Bond Bank (and the Bank under the provisions of the Credit Facility Agreement, if amounts are owed to the Bank under the Credit Facility Agreement) and to the extent permitted by law, assign such right to pursue the cause of action in its own name to the Bond Bank (and the Bank under the provisions of the Credit Facility Agreement, if amounts are owed to the Bank under the Credit Facility Agreement).

Additional Costs Imposed on Qualified Entities

The Qualified Entity will agree to pay to the Bond Bank all costs and expenses incurred by or on behalf of the Bond Bank as a result of any failure by the Qualified Entity to comply with the provisions of the Agreement.

APPENDIX E-3

SUMMARY OF CERTAIN PROVISIONS OF THE CREDIT FACILITY AGREEMENT

**SUMMARY OF CERTAIN PROVISIONS OF
THE CREDIT FACILITY AGREEMENT**

The following is a summary of certain of the provisions of the Credit Facility Agreement and does not purport to be complete and is subject in all respects to the provisions of, and is qualified in its entirety by, reference to the Credit Facility Agreement.

Assignment to Trustee

Pursuant to and in accordance with the provisions of the Credit Facility Agreement, the Bond Bank will assign all of its rights under the Credit Facility Agreement to the Trustee. The Trustee will be deemed to be the agent of the Bond Bank for purposes of the Credit Facility Agreement and will have the authority to exercise any and all rights of the Bond Bank under the Credit Facility Agreement, including without limitation, the right to request payment under the Credit Facility Agreement. The obligations of the Bond Bank under the Credit Facility Agreement will remain with the Bond Bank and will not be assigned to the Trustee.

Request for Payment

The Trustee, acting on behalf of the Bond Bank, may request payment under the Credit Facility Agreement at any time during the Bank's business hours by delivery of a certificate requesting payment in the form attached to the Credit Facility Agreement appropriately completed and signed by the Trustee. If a payment request is appropriately completed and received by the Bank on or prior to 10:00 a.m., New York City time, on a banking day, payment will be made to the Trustee of the amount requested not later than 12:00 noon, New York City time, on the same day. If a payment request is appropriately completed and received by the Bank after 10:00 a.m., New York City time, on a banking day, payment will be made to the Trustee of the amount requested not later than 12:00 noon, New York City time, on the next succeeding banking day. If a payment request is delivered by the Trustee and does not conform to the form of the payment request attached to the Credit Facility Agreement, the Bank will give the Trustee prompt notice of such fact in writing or by telephone or fax, and thereafter, the Trustee may attempt to correct such certificate requesting payment.

Reimbursement and Other Payments by the Bond Bank

Pursuant to and in accordance with the provisions of the Credit Facility Agreement, the Bond Bank agrees to pay to the Bank no later than May 31, 2006, an amount equal to the total amount disbursed under the Credit Facility Agreement, together with interest on such amounts. The Bond Bank will execute a note to evidence its obligations to the Bank under the Credit Facility Agreement (the "Facility Note"). To the extent moneys are available in the Series A Trust Estate for the repayment of credit obligations under the Credit Facility Agreement, the Bond Bank will repay such amounts to the Bank prior to May 31, 2006. Moneys shall be considered available in the Series A Trust Estate for the payment of credit obligations only if and to the extent that moneys in the Series A Trust Estate together with the sum of (1) the principal amount of all Series A Warrants in the Series A Trust Estate (excluding, however, Series A

Warrants the payment of principal of or interest on which is in default) and (2) all interest to be received on all Series A Warrants held in the Series A Trust Estate (excluding, however, Series A Warrants the payment of principal of or interest on which is in default) exceeds the sum of (a) the outstanding principal amount of the Series A Notes (not including, however, any Series A Notes transferred and assigned to the Bank pursuant to the Indenture); (b) the full amount of the interest to be paid on the Series A Notes (not including, however, any Series A Notes transferred and assigned to the Bank pursuant to the Indenture) at their maturity; and (c) the anticipated costs to be incurred in connection with the administration of the Program. If there is a termination of the Credit Facility Agreement, then in no event shall any moneys in the Series A Trust Estate be considered available for or used for the repayment of such credit obligation prior to the date on which the principal of and interest on all Series A Notes (not including, however, any Series A Notes transferred and assigned to the Bank pursuant to the Indenture) has been paid in full.

Covenants of the Bond Bank Under the Credit Facility Agreement

The Bond Bank covenants and agrees, pursuant to the Credit Facility Agreement, among other things:

- (1) To comply at all times with its covenants and obligations under the Indenture, the Agreements, and the Series A Notes;
- (2) To conduct its affairs and carry on its operations in a manner complying in all material respects with any and all applicable laws of the United States of America and the State of Indiana;
- (3) To permit the Bank or any of its agents or representatives to examine and make copies of any abstracts from the records and books of account of the Bond Bank and to discuss the general business affairs of the Bond Bank with any of its officials, directors or employees;
- (4) To keep proper books and records of account, in which full and correct entries will be made of financial transactions and the assets of the Bond Bank in accordance with generally accepted accounting principles;
- (5) To furnish the Bank with (i) a statement of the Bond Bank setting forth the details of any event of default and the action the Bond Bank proposes to take with respect to such event of default within ten (10) days after the occurrence thereof; (ii) its audited balance sheet and audited income statement, and statement of cash flows as prepared by its independent certified public accountants as soon as possible after the end of each Fiscal Year, (iii) a certificate of the Trustee setting forth the amount on deposit in each Series A Fund and Series A Account held under the Indenture and the total deposits and withdrawals from each Series A Fund and Series A Account during each month, within twenty (20) days after the end of each such month and (iv) such other information regarding the financial condition or operations of the Bond Bank as the Bank may reasonably request;

- (6) To promptly furnish to the Bank a copy of all notices, reports, statements, and other communications sent, given, or delivered by the Bond Bank pursuant to or in connection with the Indenture;
- (7) Not to create or suffer to exist any liens, security interests, or other encumbrances with respect to the collateral pledged to the Bank under the Credit Facility Agreement, other than as contemplated by the Indenture; and
- (8) (i) To regularly review the Series A Warrants and the security and sources of payment therefor for the purpose of assuring that the payment of principal of and interest on such Series A Warrants, together with other Series A Revenues, will be sufficient to provide for the timely payment of the principal of and interest on the Series A Notes, (ii) to pursue all necessary and appropriate actions not inconsistent with the powers and purposes of the Bond Bank under the Act in order to remedy any actual or anticipated deficiency of funds, which may include, without limitation, notification of the General Assembly of the State of any deficiency or projected deficiency in the Series A General Fund under the Indenture and requesting an appropriation or any other available action to satisfy any such deficiency, and exercising its best efforts to pursue and to make available appropriate alternate remedies to satisfy any such deficiency, and (iii) to deposit any amounts received or otherwise made available by the Bond Bank pursuant to its actions taken pursuant to subparagraph (ii) into the Series A General Fund under the Indenture for the payment of principal of and interest on the Series A Notes.

Events of Default

Each of the following will constitute an event of default under the Credit Facility Agreement:

- (a) Default in the payment when due, whether by acceleration or otherwise, of any amounts payable under the terms of the Credit Facility Agreement;
- (b) The Bond Bank becomes insolvent or admits in writing its inability to pay its debts as they mature or is adjudicated a bankrupt or insolvent; or the Bond Bank applies for, consents to, or acquiesces in the appointment of a trustee or receiver for itself or any of its property, or makes a general assignment for the benefit of creditors; or a trustee or receiver is appointed for the Bond Bank or for a substantial part of its property and is not discharged within sixty (60) days; or any bankruptcy, reorganization, debt arrangement, or other proceeding under any bankruptcy or insolvency law, or any dissolution or liquidation proceeding is instituted by the Bond Bank or against the Bond Bank and is consented to or acquiesced in by the Bond Bank and remains undismissed for sixty (60) days;
- (c) Failure by the Bond Bank to comply with any of the covenants set forth in the Credit Facility Agreement, and continuance of such failure for thirty (30) days after notice thereof to the Bond Bank from the Bank;

- (d) Any warranty or representation made by the Bond Bank in the Credit Facility Agreement proving to have been false or misleading in any material respect when made, or any schedule, certificate, financial statement, report, notice, or other writing furnished by the Bond Bank to the Bank proving to have been false or misleading in any material respect when made or delivered;
- (e) Failure by the Bond Bank to comply with or perform any covenant or other provision of the Credit Facility Agreement and continuance of such failure for thirty (30) days after notice thereof to the Bond Bank from the Bank; and
- (f) Failure of the Bond Bank to comply with or perform any covenant or provision of the Indenture, the Series A Notes, the Agreements, or any agreement, document, or instrument executed pursuant thereto, which failure constitutes an “event of default” as defined in such document or agreement, or allows the holder or holders of such obligation, or any trustee for such holders, to pursue its remedies thereunder.

If any event of default occurs and is continuing, then at the election of the Bank, (a) all credit obligations under the Credit Facility Agreement will become immediately due and payable, without demand, presentment, protest, or notice of any kind; (b) the Bank will have the right to terminate the Credit Facility Agreement upon seven (7) banking days’ written notice to the Bond Bank, which termination will become effective on the date specified in the notice; (c) the Bank may pursue its rights with respect to the collateral pledged thereto under the Credit Facility Agreement; (d) all outstanding principal and interest on the Facility Note will become immediately due and payable; and (e) the Bank will have the rights and remedies available to it under the Indenture, the Agreements, and the other credit documents or otherwise available pursuant to law or equity.

Termination

The Bank will not exercise its rights to terminate the Credit Facility Agreement until an event of default specified thereunder has occurred and is continuing. The Bank agrees that in the event it determines to terminate the Credit Facility Agreement, the Bond Bank will be permitted to request payment in the full amount available under the Credit Facility Agreement after receipt of notification of termination and prior to the termination date, which will be set forth in the notification and will not be less than seven (7) banking days after delivery of such notification to the Bond Bank.
